HOUSE PASSES TAX SLASH BILL

TEXAS SENATE VOTES BILL FOR EXTENSION OF MINERAL LEASES

CONTROVERSIAL HOUSE MEASURE IS AMENDED; OTHER BILLS PASSED

AUSTIN, March 27.—(AP)—The senate today finally passed 19-8 the highly controversial house bill which would allow extension of mineral leases on state submerged lands.

Four amendments adopted last week, however, will send the bill by Rep. Donald Markle back to the house for concurrence where opponents have predicted it will meet with bitter opposition.

The bill was the object of Sen. Jimmy Phillips' six-hour filibuster last Thursday and was heatedly argued again today for more than an hour. It permits the school land board to extend mineral leases on submerged land beyond the 25-year present limitation to a period as long as the leases continue to produce.

"This bill will cost the school children of this state no less than $50,000,000 and it could amount to $100,000,000," Sen. Pat Bullock warned the senate. "It is just another of several instances when legislatures have taken potential money from the schools of this state and gave it to the big oil companies."

Sen. A. M. Aiken, Jr., contended there was nothing mandatory about the bill and that the school land board could still advertise for bids if it saw fit.

Sen. Phillips' amendment to limit lease extensions to present producing sands was killed 16-to-10. Without the amendment, Phillips said, the bill will give oil companies a

SUPER B-36 PLANE, FOR A-BOMB USE, IS SAVED FROM WRECK

FORT WORTH, March 27.—(AP)—The Army Air Forces' $20,000,000 B-36, heralded as able to "carry an atomic bomb to any inhabited region in the world and return," is safe to fly another day.

Although the plane's massive right landing gear was damaged, Test Pilot B. A. Erickson and Co-Pilot Gus Green nursed the air giant to a smooth stop on the Fort Worth Army Air Field last night as hundreds of soldiers and other spectators cheered.

Two hours earlier, the huge plane, world's largest land bomber,

MOST MINERS DEAD

Investigation Of A&M "Incidents" Voted By House

AUSTIN, March 27.—(AP)—The house decided today to investigate "deplorable" incidents which have occurred at Texas A&M College during the past month.

Representatives voted 90-31 for a resolution by Rep. Searcy Bracewell of Houston calling for a five-member committee to "receive first hand information from all parties concerned in these deplorable incidents and report its findings back to the house."

Speaker W. O. Reed said he would appoint the investigators Monday.

The resolution referring to "two incidents of disorder" which have rocked the famed college recently, declared that "these deplorable incidents have caused great distress and consternation to the people of Texas."

"We owe it to the people to find

TWISTED AND BROKEN BODIES TAKEN FROM WRECKED COAL SHAFT

CENTRALIA, Ill., March 27.—(AP)—The revised casualty figures in the explosion in the Centralia Coal Company's mine No. 5 on Tuesday afternoon:

Miners at work at time of the blast: 142.

Known dead: 35.

Miners brought out alive: 31.

Miners still in mine, all believed dead: 76.

CENTRALIA, Ill., March 27.—(AP)—The twisted and broken bodies of 16 miners were brought to the surface from the Centralia Coal Company's No. 5 mine this morning, increasing to 33 the number of known dead in an explosion Tuesday and leaving 78 still trapped in the pit and given "no chance at all" by a mine rescue squad leader.

A heavy snow fell over the grim setting as rescue squads, after working through the early morning hours, brought the second group of dead miners from 540 feet below the ground. There were only a few persons at the pit as the bodies were placed in ambulances and taken to a temporary morgue in a nearby bus garage. Last night 16 bodies were removed to the garage. Earlier one miner removed from the mine on Tuesday died.

An unidentified rescue worker said that the bodies of the 16 brought from the tip today were

Government Seeks To Avert Crippling Telephone Strike

WASHINGTON, March 27—(AP)—The government, its wartime powers to seize strike-bound industries fast running out, found itself in the role of peacemaker today in

WAGE RATES REVEALED

DALLAS, March 27—(AP)—Basic wage rates of the Southwestern Bell Telephone Company were disclosed last night by Clyde Stewart, division manager, as:

Beginning operators —$27 a week; operators with 18 months experience, $32. With extra payments for overtime work for a forty hour week, the 18-months experience operator can earn up to $37.50, Stewart said. Periodic increases brings the basic rate to a $39 a week peak.

Beginning salaries for typists, $26 weekly; stenographers, $27, business office service representatives, $30 and linemen and installers, $31.

Said Ray Hackney, Texas plant division chairman for the union which broke off negotiations March 18:

"We feel the company's pay figures speak for themselves in our better wage demands."

the gathering telephone crisis.

A walkout by 287,000 members of the National Federation of Telephone Workers is scheduled for April 7, the day after Easter—and there are prospects that some radio network programs as well as many telephone services may feel the effect of the strike if it materializes.

Fatally Injured In Explosion At DawsonWednesday

Funeral services were held at the First Baptist church in Hubbard Thursday afternoon at 2 o'clock for William Con Vickery, aged 50 years. Burial was in Fairview cemetery at Hubbard. The rites were conducted by Rev. Melvin Cox of Hillsboro.

Vickery was instantly killed Wednesday morning at 11 o'clock on the Vickery farm when an acetlyne torch exploded as he prepared to dismantle an old machine, it was learned here. The accident occurred seven miles southeast of Hubbard, in Navarro county. Vickery had resided in the Hubbard and Dawson communities all of his life.

Surviving are his wife, parents, Mr. and Mrs. Jess Vickery, all of Hubbard; three brothers and three sisters.

Wolfe and Dobson Funeral Home directed.

PATTERSON DECLARES NEW POLICY IS NOT LEADING U. S. TO WAR

LAWMAKERS CONSIDER RESTRICTIONS ON AID FOR GREECE, TURKEY

WASHINGTON, March 27—(AP)—Secretary of War Patterson asserted today that the administration's $400,000,000 measure to bulwark Greece and Turkey against Communism "is not in the direction of war—but away from it."

His opinion was expressed to the house foreign affairs committee which is conducting hearings on the proposal to send "limited" military missions, as well as money, to the two Mediterranean countries.

Rep. Jackson (R-Calif) told Patterson that "a lot of midnight oil is being burned over this question: 'Will this program lead to war?'"

"I believe," said Patterson slowly but firmly, "That it will not result in war. It is the course least likely to result in war."

Patterson was asked by Rep. Vorys (R-Ohio) what the term "limited" meant in numbers.

From 10 to 40.

"Anywhere from 10 to 40," Patterson replied. "That is our present estimate. It is based on the assumption that the British military mission will continue (in Greece) for the time being at least."

Vorys: "And Turkey."

Patterson: "Comparable."

Rep. Mundt (R-SD) observed:

"Blank Check-ish."

"It would be very comfortable to the American people if we could spell that out because this legislation is sort of blank checkish."

Mundt added that he "had in mind" offering an amendment limiting the military missions to

BITTER U.N. WRANGLE MAY FOLLOW AUSTIN POLICY TALK FRIDAY

AMERICAN DELEGATE TO DISCUSS GREEK-TURKISH SITUATION IN COUNCIL

By JOHN A. PARRIS, Jr.

LAKE SUCCESS, N. Y., March 27—(AP)—The possibility arose today that Warren R. Austin's major American policy speech in the United Nations security council tomorrow night might touch off a bitter wrangle on an official level with Russia over President Truman's plans to aid Greece and Turkey.

An informed source said the set-up for the speech certainly would not preclude a Russian reply, although it might not come immediately. Some observers believed Russia would use this opportunity to launch another attack here against Greece.

Moscow Decision Seen

One source speculated that any decision to break Russia's top-level silence on the American aid program, designed to halt the spread of Communism, would be made in Moscow only after careful examination of Austin's statement.

However, this source did not exclude the possibility of a Soviet reply in the security council, possibly after an initial statement is made in Moscow by the Russian government.

Moscow newspapers already have attacked the American plans, virtually accusing President Truman of bypassing the United Nations and acting contrary to the principles of the world charter.

Speech Slated Tomorrow

Austin returns to New York today from a week-long round of conferences in Washington. There the American representative to U. N. talked with Mr. Truman and others on a concerted effort to soothe disappointment in some United Nations quarters over the fact that the president acted without prior reference to the world peacekeeping agency.

Austin's statement, described by President Truman in Washington yesterday as a document which would cover the whole Greek-Turkish situation, was expected to require about 25 minutes in delivery, starting shortly after 2 p. m. CST tomorrow. It will then be translated into French. Thereafter, under standard council procedure, other delegates would be free to speak immediately or to reserve comment while awaiting instructions from their home governments.

Reds Agree To Talk Over Major Dispute On Austrian Treaty

By JOHN M. HIGHTOWER

MOSCOW, March 27—(AP)—Soviet Foreign Minister V. M. Molotov agreed tonight to consider—as a basis for disucssion—a French proposal to define German assets in Austria. This raised hope that the council of foreign ministers might untangle this major complication in the framing of Austria's treaty.

The Russians up to now have held that any German assets in the Eastern zone of Austria belonged to them without question, and that no definition was necessary of just what these assests were.

No Decision Reached.

No decision was reached today, but there was an indication a compromise was likely on this most controversial point of the Austrian pact.

However, Molotov submitted a compromise proposal which American authorities said unofficially they considered inacceptable. The Americans and British have insisted there must be agreement that no property would be taken from Austria as German assets which in fact had been acquired by the Germans by force or duress in annexing the nation.

The British and Americans also took the position that Austria must be left with sufficient assets to be able to survive as an independent nation.

Definition Not Specific.

American officials said privately that Molotov's proposed definition was not sufficiently specific and still would allow extensive removals of so-called German assets which in the American and British view were not properly so classified, and the removal of which would be detrimental to Austria.

Earlier today the Austrian foreign minister, Dr. Karl Gruber, conferred for 40 minutes with Molotov. Emerging from the conference, Gruber said he had been encouraged about the prospects of getting a completed Austrian treaty during this session of the council.

In the council session the American, British and French ministers maintained there was no question of depriving the Russians of legitimate German assets, but

See BIG FOUR, Page 12

AUSTRIAN MINISTER TALKS WITH MOLOTOV, IS ENCOURAGED ABOUT CHANCES OF TREATY IN PARLEY

MOSCOW, March 27.—(AP)—Dr. Karl Gruber, Austrian foreign minister, conferred for 40 minutes today with Russian Foreign Minister V. M. Molotov and said afterward he was encouraged about the prospect of getting an Austrian peace treaty completed at the Moscow conference.

"I think the Soviet government wants to get a treaty," he said. "The whole atmosphere of the conversation was very good."

Gruber said in an interview that his mission to Moscow, undertaken at the invitation of the council of foreign ministers, is to get a treaty as soon as possible and make sure, in so far as was possible, that Austria obtained a fair treaty.

Full Discussion Due.

He said he was ready to discuss fully with the council points which Austria considered the most important.

Asked the effect on Austria if the treaty should not be completed here, Gruber replied:

"The effect on Austria would be bad, very bad indeed, but the effect on the whole world would be worse. Such a failure would prove that four powers—the four greatest powers in the world—with all the great problems they have and all their responsibilities, were unable to agree on a matter which actually is not so complicated."

May Appear Soon.

The youngish minister, with heavy blond hair, sharp eyes, a square jaw and broad shoulders, was expected to be given a chance by the council of foreign ministers within the next few days to present the Austrian viewpoint.

He said his primary interest was in two matters, German assets and compensation by Austria to United Nations nationals

Gruber said Austria was anxious to have the Council deal fairly with the issue of forced transfers, meaning German assests which the Nazis acquired by force or duress and which, therefore, were not supposed to be taken by the Allies.

The minister said that in cases where conflicts arise between Austria and one of the powers over taking a specific asset, Austria wanted mediation machinery to provide for a just settlement.

British, French Difficult.

Gruber noted that the major difficulty in regard to compensation by his country for property of Allied nationals destroyed in Austria was not with Russia, but with the British and French.

He said British and French claims for compensation at two-thirds value would put a terrible financial burden on Austria.

"It would be a great political blunder to enforce on Austria compensations so great as to amount to reparations," he commented.

The United States and Russia are opposing the British and French formula. The Russians say simply that two-thirds is too high and the United States says other nationals should be treated on a basis of equality with Austrian citizens in determining compensation.

G.O.P. PLAN REDUCES INCOME LEVY BY 4 BILLION THIS YEAR

SENATE, PRESIDENT TO PASS ON LEGISLATION BEFORE BECOMES LAW

By FRANCIS M. LEMAY

WASHINGTON, March 27—(AP)—The house passed today a Republican-backed bill slashing income taxes this year by almost $4,000,000,000. The legislation now goes to the senate, where it probably will be revised.

The roll call vote on passage was 273 for the bill, 137 against.

Just before the final vote, the Republicans beat back a Democratic motion to lay aside the bill until congress has more information on the government expenditures and revenues, as well as possible new foreign commitments.

The tax slash—if the senate and President Truman approve it—would be retroactive to Jan. 1. It would cut taxes of 25,000,000 lower income persons by 30 per cent and give a 20 percent reduction to most others among the 46,000,000 taxpayers.

Withholdings from wages and salaries would drop to lower levels on June 1, and taxpayers would get refunds on any overpayments from Jan. 1 to June 1.

However, Senator Taft (R-Ohio) already has indicated the senate will revise the measure to make the cut effective July 1, instead of Jan. 1. This would hold the tax reductions to around $1,900,000,000 this year.

Treasury Loss High.

Taft contends the house bill actually would cost the treasury—in reduced revenues and tax refunds

See TAXES, Page 13

MILITARY AUTHORITY OVER A-BOMB URGED AGAINST COMMUNISM

WASHINGTON, March 27—(AP)—The Veterans of Foreign Wars asked congress today to restore atomic energy control to military authorities, interpreting President Truman's proposal to halt Communism in Greece and Turkey as an admission of international difficulties.

Louis E. Starr, VFW commander-in-chief, told the house committee on un-American activities the proposal to aid Greece and Turkey is a "frank admission that all it not well on the international scene and that a challenge to democracy and freedom has again reared its ugly head."

He urged military control of

STRIKERS TAKE MILK FROM TRAIN—Striking dairymen seized milk destined for New Orleans when the Illinois Central train No. 3 stopped in Amite La., to take on passengers. Forty 10-gallon cans were lifted from an express car. (AP Wirephoto).

STRIKING DAIRY FARMERS RAISE THREAT OF STIFFENING TERMS TO END STRIKE; VIOLENCE GOES ON

NEW ORLEANS, March 27—(AP)—Union dairymen threatened today to stiffen their terms for ending a price strike which was marked by the wounding of a co-operative farm official and continued efforts to block all milk shipments to New Orleans.

At 6 p. m. deadline was set by C. L. Russell, President of Amite Local No. 16 of the AFL-affiliated Dairy Employes, Chauffeurs and Maintenance Employes.

"If distributors do not meet our demands by that time," Russell said, "we will increase our price demand by five cents a day until they do."

The striking dairymen ask a continuance of the $5.75 per hundredweight rate which has been paid by the New Orleans dairies until the latter served notice this week of a reduction to $5.20 per hundredweight.

GOLLUM IMPLICATED, GIRL'S CASE MOVED IN YACHT SLAYINGS

SANTA ANA, Calif., March 27—(AP)—Testimony of a police chemist that clothing and shoes of George Gollum, indicted with his fiance in the yacht deaths of her parents, were stained with blood was disclosed today as the transcript of the grand jury's action was filed with the county clerk.

The filing came a few minutes after Gollum, 21, had been granted a delay in his arraignment and his 17-year-old girl friend, Louise Overell, had been certified to juvenile court on grand jury indictments charging murder.

They are accused of slaying financier Walter E. Overell and his wife, Beulah, whose bodies were found aboard Overell's 47-foot power cruiser after dynamite blast in Newport Bay March 15.

Key witness, according to the transcript, was Ray Pinker, Los Angeles police chemist, who while examining a black leather jacket identified as Gollum's declared:

"As a result of my examination, I have been able to determine that the coat at one time was heavily contaminated with human blood."

Cold Front Likely To Drop Mercury In Texas Tonight

By The Associated Press.

A cold front which entered the Texas Panhandle early today was expected to reduce temperatures as much as 20 degrees at some sections tonight.

Pampa recorded a low of 29 degrees and Amarillo registered 33.

No rain was reported over the state during the past 24 hours and skies were generally clear.

Near-freezing temperatures were expected tonight in the northwest portion of East Texas and freezing weather was predicted for the Panhandle and South Plains.

The cold front passed Dallas at 9:30 a. m, lowering temperatures a few degrees.

ESCORTED FROM HEARING—Eugene Dennis (center), Communist party secretary, is escorted by a capitol policeman down an old house office building corridor after he was dismissed at a witness before the house un-American activities committee in Washington when he refused to give his name. TRUMAN TRIES HARD TO LOVE SPORTS

BY ARTHUR EDSON

WASHINGTON, March 27.—(AP)—President Truman is on the spot.

This is a sports-loving nation. Sportsmen vote. So every president tries like fury to be a sports-loving guy.

But Mr. Truman's trouble is that his favorite sport isn't popular any more.

In a nation where almost everyone rides, Mr. Truman likes to walk.

Worse still, he likes to get up early in the morning to do it.

Obviously he can't win votes that way.

What to do? What to do?

Mr. Truman always has been an enthusiastic watcher of football and baseball. And since becoming President he has turned to fishing, dutifully. He also has installed a horseshoe pitching court, rarely used, in the yard.

And Tuesday the news came out that bowling alleys are being put in, right in the White House.

Will Mr. Truman, who last bowled 44 years ago and liked it fine, be any fonder of bowling than he is of fishing and horseshoeing

Probably not, say those who know Mr. Truman's devotion to walking.

Yes, says Rod Thomas, who headed a nationwide campaign by which bowlers bought $485,000,000 worth of War Bonds.

Like all bowlers, Thomas thinks if Mr. Truman heaves that ball down the alleys a couple of times, he'll be a convert for life.

"There's something about it that gets you," he told a reporter.

Was turning bowler a smart political move?

"Well," said Thomas, "there are around 20,000,000 bowlers."

So far as Thomas knows, this will be our first bowler-President.

But nearly all have been more or less sports-minded.

Franklin D. Roosevelt, despite his tremendous physical handicap, fished and swam.

Herbert Hoover fished and medicineballed. Calvin Coolidge fished and galloped his mechanical horse. Woodrow Wilson and William Howard Taft golfed. Teddy Roosevelt tennised and tracked big game.

It goes clear back to Washington, who was quite a jumper.

Washington also threw a dollar across a river. Of course, a dollar went farther in those days.

COMMUNISTS BOOT GOOD CHANCE TO DEFEND PARTY TO AMERICAN PEOPLE AS DENNIS SLIPS UP

BY JAMES MARLOW

WASHINGTON, March 27.—(AP)—The Communists have booted a beautiful chance to present their case to the American people.

Eugene Dennis did the booting. He's party secretary and a top communist leader. The way he did it made no sense to me or other newsmen.

He had two tries at presenting his party's case. He did it so badly that, in the end, a roomful of newsmen walked out on him.

Permitted to Testify.

Dennis came here from New York to testify before the house committee on un-American activities. He asked permission to testify and got it.

See REDS, Page 12

RUBOTTOM HAS BEEN NOMINATED FOR POST IN FOREIGN SERVICE

R. R. Rubottom, Jr., vice president of the State National Bank here, Wednesday was nominated by President Truman for a position in the foreign service with consular rank, according to a news dispatch from Washington. He is expected to enter the service within the next few weeks in the event that the Senate confirms his nomination.

Rubottom does not know where he will be sent for his first assignment, but was examined in Spanish during his oral examination in Washington early this year. He has had two assignments to Spanish-Speaking countries while in the Navy, but this does not mean that he will be sent to one of those countries.

The local banker served as U. S. Naval Liaison officer at Manzanillo, Mexico, from 1943 to 1945, and was U. S. Naval attache at the embassy in Asuncion, Paraguay 1945 to 1946. He became connected with the bank as assistant vice president in August, 1946, and was promoted to a vice presidency in January, this year.

A native of Brownwood, Texas, Rubottom holds B. S. and M. A. degrees from Southern Methodist University, Dallas, and completed his resident graduate work in Latin-American relations for his doctorate at the University of Texas while a member of the administrative personnel at that school prior to his entry in the Navy. He is a [illegible] Rotarian and a member of the Corsicana Chamber of Commerce directorate.

Mrs. Rubottom is the former Billy Ruth Young of Corsicana. Their two children are Eleanor Ann, aged 3 1-2 years, and Frank Richard, aged 18 months.

Parents of Son.

Mr. and Mrs. Frank A. Merrell are the parents of a nine and a quarter pound son, Walter Lawrence, born Thursday morning at 6:50 o'clock at the Navarro Clinic.

The grandparents are Mrs. Ada Merrell and Mr. and Mrs. W. N. Hamilton Corsicana.

NAVARRO COUNTY ABANDONED BRIDGE STEEL IS STOLEN

This is the story of a big steal of steel!

A steel bridge span that for years had carried the traffic between Corsicana and Rice and points north on the old road at Chambers creek, was reported missing to the sheriff's office Wednesday morning and an investigation was inaugurated.

J. B. Fortson, who owns land on both sides of the old span, reported the bridge gone. The structure had been abandoned since construction of Highway 75 north and south, and was used by local traffic to save time until it toppled into the creek channel after the abutments and supports were weakened.

Officers surmise that persons interested in the selling of junk iron and steel are responsible.

The span in question was located near the old interurban bridge and adjacent to the present Southern Pacific Lines crossing several miles north of Corsicana.

Whether those responsible for the removal of the bridge used blow torches to cut the metal into lengths easily handled or carried the large sections away was not revealed in the preliminary investigations, it was stated.

Miss Martha Sullenberger was in Dallas on Wednesday afternoon to attend the stage production of "Oklahoma" at Fair Park Auditorium.

Personal

E. D. (Ditt) McCormick of Frost, former county judge, was a Corsicana visitor Tuesday morning.

J. N. (Joe) George, Blooming Grove, county commissioner, was here Tuesday morning.

Fred M. Copeland, Pursley, county commissioner, was here Tuesday.

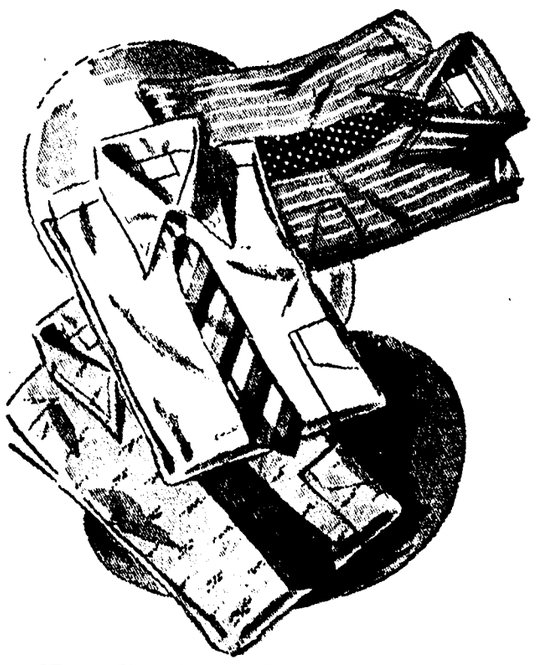

Judge J. P. Davis of Dawson was a business visitor here Tuesday morning.

Miss Constance Logsdon is in New York to take a special course at the Powers School for models.

NOKES TELLS MARLIN SESSION LABOR PEACE POSSIBLE UNDER BILL

AUSTIN, March 27—(Spl)—"Cripling strikes such as the recent state-wide telephone dispute could be prevented through immediate conciliation in the legislature adopts my Industrial Peace Act," Rep. Georeg O Nokes of Navarro county told citizens of Falls County at a Town Hall meeting Wednesday night at Marlin.

Introduced by Rep. Frank C. Oltorf of Falls County, Nokes asserted that the legislature should take steps to set up effective conciliation machinery to deal with strikes that definitely threaten public interest.

The Nokes' Industrial Peace Act (HB 403), now pending in the House Labor Committee, would require "cooling off" periods as well as conciliation talks through the office of a state Labor conciliator.

Rep. Nokes pointed out that the telephone strike resulted from a minor dispute involving a purely local question at Odessa, Texas. If proper governmental conciliation facilities had been available, the dispute could have been settled with the minimum of troubles Instead, the dispute was permitted to spread until the entire telephone system of the state was crippled, he said.

EASY LENTEN DISHES

BROILED FILLETS...Easy with frozen fish.

By CHARLOTTE ADAMS
Associated Press Food Editor.

Everybody wants variety in Lenten dishes—and every cook likes to have her work made easy. One of the best ways to meet these two problems is to use quick-frozen fish. They're to be had even in towns far from the sea—and they're all cleaned and ready to use the minute you get them home from market.

Broiled Quick-Frozen Fish Fillets.

Use one package of quick-frozen fish fillets (frozen or thawed). Separate fillets and spread with softened butter or margarine. Sprinkle with salt and pepper and paprika. Place on a well-greased broiler and broil 15 to 25 minutes, turning to brown both sides.

Cod Fillets With Tomatoes and Carrots.

2 packages (about 1 1-2 pounds) quick-frozen cod fillets partially thawed, 2 tomatoes cut in wedges, 8 cooked carrots cut in halves, 4 tablespoons green pepper cut in 3-4 inch strips.

Sprinkle fillets with salt and pepper. Place in greased shallow baking dish. Spread with [illegible]ened butter or margarine and [illegible]le with paprika. Bake in ho[illegible] oven (450 degrees) about 15 minutes, basting occasionally with melted butter.

Arrange tomato wedges, carrots, and green pepper strips around fish. Season with salt, pepper and paprika. Continue baking about 20 minutes longer, or until fish and vegetables are done. Serve with quick-frozen peas.

There are other quick-trick dishes beside the quick-frozen fish which will add fun to the last Lenten meals and make life easy for the cook as well.

Meal-in-One Sandwich.

1-4 cup seedless raisins, 1-2 cup finely cut apple, 1 teaspoon lemon juice, 1-2 cup finely cut celery, 1-2 cup grated American cheese, 2 teaspoons finely cut onion, 1-4 teaspoon prepared yellow mustard, salt to taste, mayonnaise to moisten.

Slice raisins. Mix lemon juice with apple. Combine all ingredients and stir to blend. Spread on buttered bread. Makes about 1 1-2 cups of filling.

There will be some warmish days toward the end of Lent and a main-dish salad will be most acceptable for these. A molded gelatin ring or loaf is a treat for the family—or a show-piece for a party. It can be prepared ahead of time and thus save a lot of last-minute fuss.

Fold sieved avocado, beautifully smoothed, into a plain gelatin base made with half the usual liquid, seasoned with lemon juice and finely grated onion. Mold in a ring or loaf pan and serve with crab or shrimp salad for the main dish of almost any meal. Put some celery into the fish salad for texture contrast and season the dressing with lemon juice and a bit of chili sauce.

RETIRED RANCHER IS DEAD, LEAVING ALL FORTUNE TO BAPTISTS

WACO, March 27.—(AP)—J. P. Collier, retired rancher who bequeathed his second fortune o the Baptist denomination of Texas, died here last night after a week's illness. Funeral services will be held Thursday afternoon.

Collier lost one fortune in the depression on the early 30's, then made another when the Panhandle range country and livestock market were revived. Thankful he deeded his net assets of $300,000 to the Baptist denomination.

Half of the fund is to go to Southwestern Baptist seminary at Fort Worth. The remaining $150,000 is to be divided equally between Baylor University at Waco and Wayland College at Plainview, the bequest stipulated.

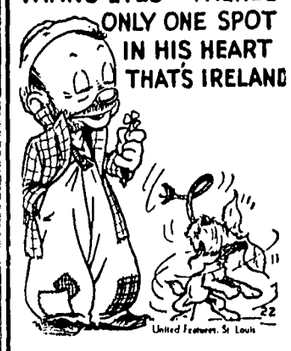

Surviving besides the widow are three brothers, J. R. or Waco, M. R. of Montrose, Calif., and C J. of Marshall

NEWLY-WED VETERANS GET AID INCREASED ONLY ON APPLICATION

The Veterans Administration has advice on money matters for certain newly-wed veterans, according to Contact Representative Robert C. Reeder.

A single veteran in school or training may draw as much as $65 subsistence monthly, a married veteran as much as $90.

A single veteran who gets married, however, will draw the $90 only from the date he applies for it, Reedy said.

Therefore the VA advises newly wed veterans in school or training to report their marriages to VA as quickly as possible.

Veterans desiring assistance and guidance may visit the Veterans Administration Office 206 State National Bank Bldg., Corsicana.

Two Troop Ships Due In U. S. On Thursday

By The Associated Press.

The General Richardson, due at New York with 2,497 troops from Bremerhaven, and the General Omar Bundy, due at San Francisco with 1,820 troops from Japan and Korea, are the only troop ships scheduled to arrive Thursday at U. S. ports.

Yesterday's arrivals were: At New York, the E. B Alexander with 386 war brides and children, 53 army dependents and 98 troops, from Bremerhaven and Southampton, and the General Callan, from Bremerhaven. At San Francisco, the General R. W. Blatchford, with 1,357 troops and eight civilians, from Japan.

RURAL CARRIER EXAMINATION IS ANNOUNCED HERE

An examination will be held in Corsicana to fill the position of rural carrier at Chatfield within the near future, according to a Civil Service commission announcement. Receipt of applications will close on April 24, W. C. Galloway, civil service commission secretary at the Corsicana post office announced, and the date of examination will be stated on admission cards mailed to applicants after the closing date. The examination is open only to citizens of the United States and actually reside in the teritory of the post office where the vacancy exists, and meet other requirements.

Patrol Dismissal Protested.

LAREDO, March 27.—(AP)—Laredo civic organizations have protested the proposed dismissal of twelve inspectors of the customs patrol of this district. The dismissals were ordered as an economy move.

In letters to Senators Connally and O'Daniel and Rep. Milton West, the groups pointed out that the Laredo office of the customs patrol during the past three years seized narcotics with an estimated domestic value of $1,000,000.

FALSE TEETH

With Little Worry

Eat, talk, laugh or sneeze without fear of insecure false teeth dropping, slipping or wobbling. FASTEETH holds plates firmer and more comfortably. This pleasant powder has no gummy, gooey, pasty taste or feeling. Doesn't cause nausea. It's alkaline (non-acid). Checks "plate odor" (denture breath). Get FASTEETH at any drug store.

N.C.C.J. MEETING WEDNESDAY NIGHT IS WELL ATTENDED

A large crowd attended the National Conference of Christians and Jews meeting at the First Baptist church auditorium Wednesday evening when Frank E. Crumley, Fort Worth attorney, Catholic, and Lynn Landrum, Dallas Morning News writer, Methodist, were the speakers.

Dr. Jared I. Cartlidge, pastor, opened the meeting and presented Tom L. Tyson, state Brotherhood chairman, who introduced the speakers. The invocation was given by the Rev. Erwin F. Bohmfalk, pastor of the First Methodist church, while the benediction was pronounced by Dr. E. Gray, rabbi of Temple Bethel-El.

Wednesday evening's appearance ended an all-day tour of Corsicana with programs at the high schools, Rotary Club and State Home. The speakers referred to Arthur Berwald, Dallas, a Jew who was with them on a similar tour in Corsicana in 1941. He was killed in the Armed Forces in the Pacific in August, 1943, to preserve the American way of life.

Corsicana Groups Praised

Crumley said that America proved on the battle fields she was invincible from without, but warned about attacks from within from enemies.

Landrum praised Corsicana organizations for their reception, and said that the late Berwald believed intensely in the freedom of worship, and referred to many places in the world where such a meeting could not be held. He explained the aims of the organization he represents.

Landrum said Baptists from the beginning were persecuted and throughout history has put up a great fight for religious freedom. He appealed for people to turn their faces toward God and hold hands with the brothers and be close to God. He referred to the speaking out for the little countries by President Truman. He said if we are free, we should be brothers with freemen everywhere and honor freedom.

Dictators Assailed

The writer said he could not believe any dictator has a place on this earth, and in conclusion, said that the Catholic Pope cared for many Jewish refugees at the Vatican and referred to an invitation and acceptance of a Dallas Methodist congregation to use a Jewish synagogue in Dallas following a big fire.

Landrum referred to the Catholic church as the mother church at least of his denomination and to the Jewish faith as the grandmother church.

Landrum explained in detail that the Conference of Christians and Jews did not have any idea or desire to interfere with or change any religious tenets, but was primarily interested in a brotherhood of men.

CORPORATION COURT

A girl about 17 years old arrayed in the attire of a typical bobby-soxer, was sought Thursday after she attempted to pass a check for $50 at a South Beaton St. jewelry store, then tore it to bits while being asked for proper identification, walked out.

C. E. Conklin, Navarro Hotel, reported his 1942 Chevrolet pickup truck containing $150 in tools had been stolen, later reported it recovered after one of his employees informbed him he had used it.

Officers Tipton and Steele issued 24 overparking tickets during the day.

A resident was charged with drunkenness following his arrest in the 100 block of North Beaton St.

There are More Goodyear Tires Sold in Navarro County than all other makes combined!

LEON (Himself)
"The Big Shot in the GOODYEAR Tire Racket"

THERE ARE ONLY 2 MAIN PARTS TO A TIRE

GOODYEAR TIRES

GOODYEAR DeLuxe TIRES ARE BETTER IN BOTH

1. TREAD. Goodyear treads compact when the tire is inflated — become tougher, more resistant to cuts and wear, squeeze every built-in mile out of these extra-long mileage treads.

2. BODY. Highest quality materials plus Goodyear skill produce an extra strong body with greater resistance to snags, bruises and blowouts. Balanced construction assures longer, safer body life

$16.10 plus tax 6.00x16

NEW TIRES DESERVE NEW TUBES

An old, stretched tube can easily ruin a new tire. Protect your tires with new Goodyear DeLuxe Heavy Duty Tubes.

GOODYEAR TRUCK AIRWHEELS

Better truck tires for light trucks. Rayon body, heavier beads, thicker tread, and more plies than most passenger tires. $22.55 plus tax 6.00x16

GOODYEAR TIRES

TEEN TALK

Dear Judy:

The Jacksons at Larchmont High school in New York are sock-happy. It seems the newest fad is that their pigeon classmates knit them socks. And what socks!! The girls try to outdo each other to see who can make the most orginal designs. And don't think the boys aren't proud of their gay leg gear—they love it so much that they go to classes with their trousers rolled up.

Lots of the girls have made the startling discovery that they have bigger feet than their b. f.'s. What gives with those sloppy loafer shoes anyhow?

• • •

By the bye, the kids seem to be cleaner now than they used to be. Some of them got bored wth ill-fitting fashions and are wearing dress-up clothes more often. Some of the kids are even wearing hats to classes!

The new spring makeup is perfect for the teen-ager who likes to use some color on her lips—not too bright but vivid true colors.

• • •

The kids of New South Wales, in forming a "Ron Randell Club," made the following statement: "Our club is much more serious than a bobby-sox club—we don't believe it is right to swoon and be silly." Instead of swooning they are going to wear badges embossed with a photo of Ron, Australian movie star?

• • •

What was your most embarrassing moment to date? The heps sat around last night trying to figure out whose face had been reddest, and we really had fun laughing about the incidents.

Jane told about how two boys from her class were accompanying her along Fifth avenue when her garter gave out.

Helen once ran after a girl who she thought had picked up her sweater only to find that she was wearing it.

Pat once colored two dozen Easter eggs which hadn't been cooked.

Jean invited Frank to the movies on a pass which proved to be no good. Neither of them had any money.

• • •

The Teentimers Club just voted on outstanding teentimers throughout the country. See what the kids think of the list. Best in their fields:

Actor—Richard Tyler (Broadway star page 15.

Movies—Peggy Ann Garner, 15.

Musician—Karl Kifke (drummer with Jimmy Dorsey band) 16.

Model—Myra Keck, 18.

Best Looking—Penny Edwards (movie starlet) 18.

Best Combined Literary and Artistic Work—Christina Chan (14) author of "Magic Monkey" and "Good Luck Horse" and Plato Chan (16) illustrator for the books.

Best in Business—Jo Ann Durand (owner of a fish-fly factory in Denver) 15.

Cheerio.

Vivian

(You may write Vivian Brown in care of this paper about new angles in your own gang.)

CITIZENS URGED TO MAKE CONTRIBUTIONS FOR GREEK RELIEF

Contributions totaling $162 were received at the Chamber of Commerce office Wednesday for addition to money already raised in the current campaign to obtain $2,500 in Corsicana and Navarro county for Greek war relief.

S. N. Georgas, general chairman of the campaign, said the total thus far obtained in the 10-day drive was $527.

The drive, which opened Tuesday, will continue through April 4.

Money obtained here will be forwarded to national headquarters of Greek War Relief for addition to its $12,000,000 fund to furnish help to suffering residents of Greece.

Georgas, Corsicana restaurant owner who returned to Greece last year after an absence of 37 years, stressed the immediate need of his old country for nutritious food, medicine and clothing.

Contributors announced Thursday by Georgas included:

Miss Florence Haiman, $2; J. L. Whiteselle, $5; Whiteselle Brick and Lumber Co., $25; Sidney Brietz, $25; W. E. Slaughter, $5; George's Grill, $100.

Contributions may be mailed or left at the chamber of commerce office, George's Grill or the Daily Sun office.

Hi-Y Club Sponsors Friday Night Dance

The Hi-Y Club will sponsor a dance in the YMCA gym Friday night following the annual Blue and Gold football game, Bill Bacon has announced. The Youth Center will not be open Friday, he said.

The Youth Center will open at 8 o'clock Saturday night, a half-hour later than usual, and will open at that time from now until further notice.

Training School.

A training school on "Remodeling Tables and Refinishing Furniture" will be held at the YMCA Friday afternoon, March 21 at 2 o'clock, Miss Eva Sue Merritt, county homedemonstration agent, has announced.

Miss Merritt will be in charge of the school. Each home demonstration club in the county is asked to send two representatives to the meeting.

CORSICANA, TEX., MAR. 28, 1947

STANDING UP TO RUSSIA

There is more to this Greece and Turkey business than meets the eye at first glance or even at second. But a little concentrated thought brings up this important fact: We are not only helping Greece and Turkey. We are standing right up to the Great Bear. We are saying:

"Hi! Here we are! This is your strong, powerful Uncle Sam. And he has the whole democratic world behand him. This is everybody in the world that wants peace. Uncle and his pals don't want to fight. But if you boys don't stay home and behave yourselves, he's ready to take you into the woodshed and give you something that will make you behave."

That is just what Russia needs. Russia, in this revolutionary incarnation, is pretty young. Like any spoiled child, she's going as far as she dares in grabbing other children's toys and making them do as she wants them to. But when she finds out that she's really up against something and somebody bigger and stronger than she is, with law and order on their side, she will probably pipe down and act as she should. If she does, fine! Europe can relax a bit and begin to get its own house in order without too much constant worry about the Bear at the door. If she doesn't, it will be just too bad for the Bear.

Uncle Sam, in this instance, represents the public opinion of the whole peace-loving world. He means business. Russia will be better off if she realizes this at once.

PROSPERITY IN 1950?

The Bureau of Labor Statistics has just completed a survey called Full Employment Patterns, 1950. The results of this survey are not to be considered in any sense a prophesy, but are meant to show what must be done if we are to have anywhere near full employment by 1950.

The survey takes into account the increase of population, the employment of more women in industry, and a rise in individual production. The latter trend has been noticed lately by industrialists— away from feather-bedding into individual responsibility. Assuming wage rates to be 15 per cent higher than in 1946, and production to be 23 per cent higher, the total market value of goods would be up 21 billion dollars. The number of people who would earn a comfortable living would be far greater than before the war. Then, too, the government budget may be balanced with tax rates somewhere between 1940 and 1941 levels.

On the other side of the ledger the survey places future bottlenecks in lumber, steel, and petroleum, and basic changes in the economic system, involving larger investments and freer spending of earned income.

The assumptions upon which this pattern was based must be brought into the realm of fact before any of their results can be noticed. Such excursions into the realm of possibility are valuable in pointing the way to the solution of economic problems. But they are only preliminary skatches. They have not reached the blue print stage, much less that of accomplished fact.

DEUTSCHLAND UBER ALLIES

Wrote President Eduard Benes of Czchoslovakia in 1944:

"When the Germans have been beaten they will feel sorry for themselves, and none of them will want to go to war again immediately. But the idea of racial superiority is so deeply ingrained in every German that it will take generations to eradicate it. So long as that belief in superiority remains, so long will the Germans contemplate war to prove it."

This of course applies to the Germans of Germany, not to those of German blood who have long made their homes elsewhere. The first part of President Bene's remarks is already proved true. The Germans are pitying themselves out loud, and telling the world what dreadful sufferings they are experiencing. They do not, however, seem to find it objectionable that the Poles, Czechs and Greeks should have suffered even worse fates, and observers report them as still thinking that as Germans they deserve special favors.

That is one reason why the United States cannot risk pulling out of Germany for a good while to come.

CATALOGUE GARDENS

Outside the wind is rough and cold,
But all is warm within;
And blooming are the marigold
The postman passes in.
The giant zinnias' massive heads
In color are a-glint,
And all the roses in their beds
Are beautiful in print.

In catalogues no beetles crawl,
The tender buds to chew.
The hollyhocks along the wall
Are perfect, size and hue.
There come no hordes of deadly foes
The gardeners to enrage.
The work of cutworms never shows
Upon the printed page.

Oh beautiful the garden space
Which seldom all supply,
Where never harm has taken place
And never favorites die.
And as beside the fire I dream,
The wish comes oft to me:
The garden of my life could seem,

ONCE A SYMBOL OF SHAME, CROSS IS NOW BADGE OF HONOR*

Varied Functions That Cross Now Fulfills, Because Christ Once Hung Upon It - -The Mystery of the Atonement - - The Sinfulness of Sin and the Forgiving Love of God.

By WILLIAM T. ELLIS and EARL L. DOUGLAS

Crosses. Crosses on steeples and altars. Crosses on women's necks. Crosses on European highways. Crosses on mountain tops. Crosses on breasts of heroes. Crosses—miles of them—on soldiers' graves. Crosses on flags. Crosses on Red Cross uniforms and ambulances. Crosses on chaplians' uniforms. Crosses tattooed on the faces of Christians dwelling in the realms of persecution.

No other symbol is so universal as the cross, and all because Jesus once was crucified as a criminal. He, the Victim, has became Victor over all of life. Now the cross has become the symbol of all that was represented by His death, and life. It speaks a message of life through death; of the awfulness of man's sin for which propitiation must be made; of the love of God that went the limit to redeem man; of sacirfice and seivice as the new law of life; and of the inexpressible devotion of Jesus as the world's Redeemer. The prayers and songs of the Church throughout the ages have been attuned to the theme of the cross.

Once Shame; Now Honor

In our adoration and exultation of Christ, we are prone to forget that His execution was that of a criminal, and that His crucifixion was utter shame. His figure on the cross was a morbid spectacle, to be reviled by the soldiers and many spectators. Jeers and insults assailed Him. The wounds of the spear in His side and of the nails in His hands and feet were not equal to the agony which assailed His sensative spirit as He was "despised and rejected of men," and as He cried out that even the Father had forsaken Him.

Man's attitude toward the cross in all the ages since has been one of the great reversals of history. Church and State literature and painting, vie with each other in doing honor to this symbol. Instinctively, we identify the cross with the Christliest of meanings. It stands for the love and forgiveness of God. It also represents the heinousness of sin. What a price was paid for forgiveness and redemption! "God SO loved the world."

The Mystery of the Cross

Above all the modern tributes to Jesus as a teacher, a leader, a reformer, an example, rises the vision of Christ on the cross. All of His other offices are subordinated to that of a crucified Saviour from sin. Human need and divine mercy came together at the cross. Man's sin and God's forgiveness somehow met on the cross, where in his own body Jesus bore all the transgressions of a disobedient world; so that today the cross is the symbol of salvation to all who accept it.

Theologians have been busy for ages with the subject of the crucifixion; yet nobody fully understands the atonement. By the assurance of multifold parsages in the Bible, and by our own Spirit-inspired faith, we know that on the cross man and God met in a new transaction of forgiveness. An at-one-ment is effected between a sinful humanity and a forgiving Father. In the mystery of the cross, the Church has found salvation. The two great realities—man's sin and God's love—meet in reconciliation at Calvary. In His own body on the cross Jesus Christ bore our sins—"The Lamb of God that taketh away the sins of the world."

The Arrest and Trial

After the farewell prayer of Jesus in the upper room, He led His little band to a secluded garden on the slope of the Mount of Olives, probably a familiar place of resort for prayer. I wonder who owned the garden; probably a disciple. (There are three traditional sites preserved today).

In the Garden of Gethsemane Jesus went apart to pray the great prayer of agony and surrender, citing His watchword—and ours—"Not My will but Thine, be done."

Upon them came the Temple police, led by Judas, who identified Jesus by a kiss—not a perfunctory kiss, but, as the Greek shows, an ardent, protracted kiss, such as a mother gives her babe, or the Prodigal's father gave his son. The scoundrel!

Jesus, the prisoner, was taken first before the high priest and the Sanhedrin; and then, because the Jewish court had no authority to inflict the death penalty, he was turned over to the Roman arm, and to pusillanimous Pilate. Buffeted and beaten, the prisoner maintained His dignity, and affirmed His mission and His Deity. Mob law prevailed, and Christ was led to a undeserved cross, where He was crucified, John and the three women standing by.

On the cross Jesus forgave His foes, promised Paradise to the pentinent thief and made provision for the care of His mother.

His "it is finished," meant not only that His ordeal was over but also that the atonement had been completed and a new way home to God, the Way of the Cross, had been opened for all the world.

SEVEN SENTENCE SERMONS

Every castle on the earth was once a castle in the air.
—Anon.

A sad saint is a poor saint.
—Ranns.

As for me, I will behold thy face in righteousness;
I shall be satisfied when I awake with thy likeness.
—Psalm 17:15

Mankind censure injustice, fearing that they may be the victims of it and not because they shrink from committing it.
—Plato.

God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life.
—John 3:16.

A guiding hand I clearly trace
Along my earthly way,
A Father's hand, in power and grace,
Upholding day by day.
—Webster.

Other brunts I also look for, but this I have resolved on, to wit, to run when I can, to go when I cannot run, and to creep when I cannot go.
—Bunyan.

The Sunday School Lesson for March 30 is, "Jesus Lays Down His Life"—John 18-19; 21-15.

NEW HOME PURCHASED FOR PARSONAGE BY EMHOUSE BAPTISTS

The Emhouse Baptist church recently purchased the J. I. Ferguson home in Emhouse, to be used as a parsonage or pastor's home. The midern five-room house is located near the business section of town on a lot 100 by 140 feet. The purchase price was $1,900.

A special offering to pay off the remaining $900 debt on the home will be made at the morning worship service April 6, 1947.

INTERNATIONAL HARVESTER says:
"Any price is too high if it can be reduced."

INTERNATIONAL HARVESTER

**We second the motion
We'll do our part!**

International Harvester has reduced prices to save users of its products $20,000,000 a year. The reductions apply to a selected list of various products made by the Company.

In making its announcement to the general public last week, International Harvester said:

"We believe there is nothing more important to this country than to lower the prices of goods people buy.

"The American people have insisted that the government withdraw from its attempts to control prices in peacetime. That places the responsibility where it belongs—in the hands of business and industry.

"Because we believe price reduction is vital, we are willing to assume the risks involved."

As International Dealers we will do our part. We will pass International Harvester's price reductions to our customers.

And now a word of gratitude to our friends who have patiently waited for the new machines they need. As most of our customers are aware, International Harvester has done everything possible—and some things that seemed impossible—to maintain and increase production.

The outlook is somewhat better. Soon we hope to supply equipment to all of those who have cooperated so faithfully with us.

Meanwhile, the same top-quality International Service and Parts that have kept equipment operating for our customers during the difficult years are available from us. We urge our friends to continue to use these facilities to obtain maximum operating economy.

International Harvester is doing its part with quality, increased production and reduced prices.

We will do our part in this territory

WHAT CAUSES AIR CRASHES

AP Newsfeatures.

The human factor appears as a consistently important cause of commercial flying accidents in a chart for recent years prepared by the Civil Aeronautics Administration (CAA.)

Although popularly referred to as "pilot error," personnel failures also include those made by maintenance and service employes, such as inadequate checks, improper assembly of equipment and forgetting to remove blocks from controls.

The chart study covers all air carriers, including scheduled as well as non-scheduled operations. Most complete data is for the scheduled airlines, which have been under strict supervision and reporting requirements since 1938. Non-scheduled carriers were not even required to file their name until last eyar.

Reporting on the safety records of 17 airlines which have operated since 1939, the CAA disclosed that eight never have had a passenger fatality. The largest airline had accidents in six different years. The next three largest had fatal accidents in three different years. Three others had accidents in two years, and two had accidents in one year.

Analysts regard that record as support of the present method of basing safety factor on the number of passenger-miles flown. The carriage of one passenger one mile is a passenger mile.

The accident-free airlines are with one exception, the eight smallest operator in terms of passenger miles. The clear indication is that accidents occur in proportion to volume of travel and that the safety factor must be related to the volume.

EAST TEXAS FOREST FIRES SAID TO HAVE COST 2,000 ACRES

LUFKIN, March 27.—(AP)—W. T. Hartman, assistant chief of fire control for the Texas Forest Service, estimated that at least 2,000 acres of temberland were destroyed by forest fires yesterday.

Twenty new fires were reported in East Texas yesterday, but difficulty in reaching crews fighting them, Hartman said, made it impossible to say accurately how much timber was destroyed.

From where I sit ... by Joe Marsh

Apple Tree Versus Wheat Field

If you ever visit Jeb Crowell's farm, he'll take you right out on that back porch of his and show you his apple tree.

"There," says Jeb, "is nature's noblest creation—fifty years, and bearin' still the finest cider apples in the county!"

But last fall, when a group of us was there, Lud Denny points across the river to his grain fields and says: "There's an even finer sight! Acres and acres of golden grain you can make dozens of appetizing things with—including wholesome, sparkling beer."

Both of them got so eloquent on the subject, that the rest of us worked up quite a thirst; so Jeb goes to the icebox for beer and cider. And when the refreshments come, Lud chooses cider, and Jeb takes the beer!

From where I sit, that's the answer to most disputes. You can talk all you want, but when it comes to tastes and preferences, there's just no argument.

Joe Marsh

Here's Proof of Extra Mileage in the Tire That

OUTWEARS PREWAR TIRES

Testimonials like the above about the new B. F. Goodrich Silvertown are not uncommon. Nor are we surprised at this evidence of long mileage . . . because before a single tire was offered for public sale, millions of test miles on police cars, taxi fleets and special test cars had *proved* this new tire would *outwear prewar tires.*

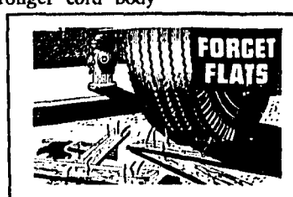

This extra mileage was scientifically engineered into the tires. *First,* a wider, flatter tread was developed for longer wear and greater protection against skidding. *Second,* to hold that huskier tread, a new 35% stronger cord body was developed using more and sturdier cords which gave better resistance to bruising and road shock.

That's why we say, if you'll be needing new tires for your car soon, see us today . . . equip your passenger car with the new B. F. Goodrich Silvertown . . . best in the long run.

CONVENIENT TERMS IF YOU DESIRE

$65,000 LOCAL GOAL FOR "UNITED JEWISH APPEAL" WEEK DRIVE

Governor Jester has proclaimed March 23-30 as "United Jewish Appeal" week for Texas.

"One hundred seventy millions are necessary at once for relief, rehabilitation and resettlement work in Europe if many lives are to be saved in this period of peace" said the Rev. Erwin F. Bohmfalk in commenting on this almost superhuman task. "That is the largest sum the Jewish organizations of America have ever been called upto raise in one year of relief work".

"Sixty five thousand has been allocated to Corsicana, the Rev. Mr Bohmfalk said. "Of that amount about $10,000 will have to come from the Christian friends of this community. The Jews, though a small minority of our population, are contributing about $55,000."

"One of the privileges of this great democracy has been its opportunities for us to share with those less fortunate," he stated. "And the bread we have cast upon the waters has been returned in blessings a hundredfold, said General Eisenhower recently in commenting on the needs of the hour."

"Any gift to the United Jewish Appeal will go far in bringing real help in a time of critical need. This is a good time for Corsicana people to share with our Jewish citizens in the task of raising their quota," continued Mr. Bohmfalk.

James Frank Autry Receives Degree Of Dental Doctor

James Frank Autry, who once distributed the Daily Sun to patrons on Second avenue in Corsicana during his high school days, received the degree of DDS (Doctor of Dental Surgery) on Monday evening, March 24, from Baylor Dental College in Dallas. Dr. Autrey is the son of Mr. and Mrs. M. B. Autry of 1500 Woodlawn avenue, Corsicana.

After taking the examination before the state medical board in Houston on May 5, he will assume the practice of dentistry in Texas. He remembers gratefully his teachers, the Daily Sun and his many other kind friends in Corsicana.

Dr. Autry married Miss Ann Galbreath, daughter of Dr. and Mrs. J. C. Galbreath of California, and they are the parents of a fine two-months old son, James Frank Autry, Jr.

Mesdames G. E. Mitchell and Mary Fallon have returned from Houston where they visited in the home of Mr. and Mrs. Irwin Jordan and son, Irwin, Jr.

CLUB NEWS

Mildred H-D Club.

The Mildred Home Demonstration Club met at Mildred Baptist parsonage on March 24th with Mrs. C R. Brashier as hostess and seventeen members in attendance. Two new members, Mesdames J. W. Dial and L. L. Looney, were reported and one visitor, Mrs. R. L. Ellis, was welcomed to the meeting.

Mrs. Brashier served as president in the absence of Mrs. Hubert Elder. Mrs. John Decker spoke on "Fabrics," and Mrs. P. E. Burnett conducted an April Fool game.

The next meeting will be held at the home of Mrs. Nannie Bryson on April 14th at 2 o'clock p. m.

Roane H. D. Club.

Foundation and Screen Planting was the program given by Miss Eva Sue Merritt, county home demonstration agent, at the meeting held March 21 in the home of Mrs. J. W. Douglas.

The agent showed pictures of various types of plants that would be most effective for planting. Mrs. H. R. Fluker had charge of the business session at which time a plan was worked out for the club's booth at the Fair this fall. Members voted to take part in the "Country Store" at the fair.

Two members were appointed to attend a training school on "remodelling and refinishing" tables, March 28 at the YMCA. The council delegate reported on the last council meeting.

Members were urged to attend the Texas Home Demonstration association April 8 at the State Home.

Secret sister gifts were exchanged. An interesting game entitled "Spring" was played with Miss Frances Riley, assistant county home agent, winning the prize. Six members, one visitor and the two county agents attended. The next meeting will be held March 28 at the home of Mrs. K. C. McCreary.

Frost 4-H Clubs.

Boys and girls 4-H Clubs held a joint meeting March 20 with both county agents present. Miss Frances Riley, assistant county home agent, gave a talk on manners. F. M. Gracey, assistant county agent, distributed crop booklets to the boys engaged in raising corn.

OIL PIPELINE FROM CORSICANA PLANNED TO PATOKA, ILLINOIS

PATOKA, Ill., March 26.—(AP)—Plans for construction of a 650-mile, 20-inch crude oil pipeline between Corsicana, Texas, and Patoka in Southern Illinois, have been announced by J. F. Matchett, chief engineer at the Magnolia Pipeline Company station here. Company headquarters are at Dallas, Texas.

Matchett said the plan calls for construction of eleven 80,000 barrel storage tanks at the Patoka terminus.

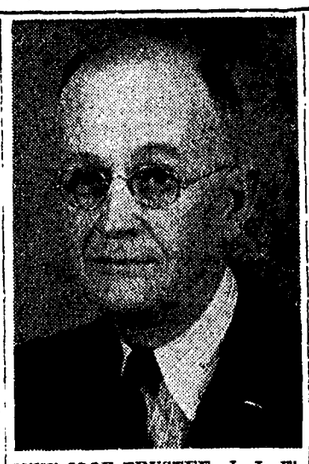

Powell Baptist WMU Met Monday Afternoon

Powell Baptist church WMU met Monday afternoon at the home of Mrs. F. Bray with the president, Mrs Dick Bush, presiding. Fourteen members, two new members, Mrs. A. Rutherford and Mrs. O. Rutherford, and a visitor, Mrs. Perry McCullough of Corsicana, were present.

The president led the opening prayer.

The junior councilor reported the organization of the Powell G. A. and the Sunbeams. The benevolence committee made a report and the business session was closed with a prayer by Mrs. E. Wright.

Mrs. L. O. Sluder conducted the Bible study, "Facts Concerning The Church." Mrs. Bray dismissed the meeting with prayer. The next meeting will be at the home of Mrs. E. Wright, Monday, April 7.

NEW IOOF TRUSTEE—J. I. Ellett was elected as a trustee of the IOOF Homes and the Grand Lodge of Texas, IOOF, last week at the annual sessions of the fraternity at Amarillo. Ellett, secretary of Corsicana Lodge No. 63, IOOF, and connected with the post office for many years, has been a leader in IOOF circles for years. The IOOF is engaged in a building program at the present time with a new home for widows and children under construction here.

Jr. Class Fetes Seniors At Rice School Friday

In keeping with time-honored tradition, the Junior Class was host to the Senior Class, the faculty and board of education at a banquet on Friday evening, March 14th, at Rice High School.

Guests were invited into the reception room, where tomato juice cocktails and assorted crackers were served.

Hugh Emmert served as master of ceremonies, Mrs. A. D. Ellis offered the invocation and program highlights centered around a wishing well. The Seniors were escorted by the Juniors to the wishing well where good wishes were made for each of them.

Rev. Leslie Seymour of Ennis was guest speaker and discussed world conditions in an informational and interesting manner.

In recognition of the St. Patrick's Day motif, a pastoral scene graced the head table, and flower-adorned trellises, flanked by white tapers, centered the smaller tables. Shamrocks were used as place cards.

A menu of chicken a la king, potatoes in boats, English peas, salad, celery curls, rolls, tea, cake and ice cream was served by Sophomore girls and boys, who wore Shamrock aprons, tam-o'-shanters and tall green hats, respectively.

Emhouse Baptist Pastor, Wife To Hold Open House

Rev. and Mrs Dan N. Sharplay will hold open house at the Baptist parsonage in Emhouse, Saturday, March 29, from 6:30 to 8:30 p. m. All members of the Emhouse Baptist church and friends in the community are invited. Guests will be received by the host and hostess, and served by Misses Ruth Ponder, Jimmie Ruth Collins and Mary Lou Wetzel of Emhouse.

RITES WEDNESDAY FOR KERENS WOMAN KILLED IN CRASH

Funeral services for Mrs. M. Carlton Dobbs of Kerens, aged 44 years, fatally injured in an automobile-streetcar collision in Dallas Tuesday morning, were held from the First Baptist church at Kerens Wednesday afternoon at 3 o'clock. The services were conducted by Dr. E. R. Page, pastor of the church. Interment was in the Kerens cemetery.

Surviving are her husband; a son, Curry Dobbs; two grandchildren, mother, Mrs. Will Jackson; three sisters, Mrs. Guy Dobbs and Misses Violet and Oma Jackson, all of Kerens; four brothers, Lester Jackson, Beaumont; Ernest Jackson, Kerens; Earl Jackson, Killeen, and Leonard Jackson, Alaska, and other relatives.

Mrs. Dobbs' daughter-in-law, Mrs. Curry Dobbs, and the two grandchildren were injured in the accident and were treated at Parkland Hospital, Dallas.

Corley Funeral Home directed.

Mr. and Mrs. Wade Abernathy have returned from a week's stay in Hot Springs, Ark.

R. H. WITHERSPOON FUNERAL SERVICES HELD WEDNESDAY

Funeral services were held Wednesday afternoon at 2 o'clock from the Chatfield Methodist church for Robert Hodge Witherspoon, aged 76 years, who died at his home in Chatfield Tuesday morning. Burial was in the Chatfield cemetery. The rites were conducted by Rev. W. Vinsant, pastor of the church.

Witherspoon was born in Chatfield, Feb. 18, 1871, and had resided there his entire life. He was an extensive landowner in the northeastern section of Navarro county, operated a gin for years and was well-known in this section.

Surviving are his wife, Mrs. Mary Lou Witherspoon, Chatfield; three daughters, Mrs. Roland Hudnall, Chatfield; Miss Mary Witherspoon, Fort Worth, and Mrs. S. A. Miles, Houston; two grandchildren, a half-sister, Mrs. W. R. Holsey, Corsicana; a half-brother, Ford Witherspoon, San Antonio, and other relatives.

Pallbearers were Fred Hodge, Noel Marchbanks, John H. Montfort, John S. Finch, Eliot Johnston, Paul Thorpe, William Thorpe and Herbert S. Bonney, Jr.

McCammon Funeral Home directed.

Miss Ruth Brown Is TSCW Honor Student

DENTON, March 26.—(Spl.)—Among the 262 honor students at Texas State College for Women who were guests in a special all-college assembly this week was Miss Ruth Brown, daughter of Mr. and Mrs. W. P. Brown, 602 North Twenty-Fifth street, Corsicana.

In recognition of the high scholastic record maintained last semester at the college, 65 seniors, 60 juniors, 52 sophomores, and 95 freshmen were lauded by President, L. H. Hubbard. Dr. W. B. Irvin, superintendent of the Highland Park public schools of Dallas, was principal speaker at the assembly.

A graduate of Corsicana High school, Miss Brown is a freshman pre-medical major at TSCW.

PRE-SCHOOL CLASSES OF GREAT BENEFIT TO CHILDREN, PARENTS

Approximately 200 pre-school youngsters are being given their first taste of school life and routine in the Corsicana ward schools.

This unique practice sponsored by the Corsicana board of education for the past eight years is causing considerable favorable comment. As far as local school executives know, Corsicana is the only school system following this practice, W. H. Norwood, superintendent, has revealed.

Perhaps the greatest good the indoctrination practice accomplishes is the imparting of school routine to the youngsters who will enroll in classes next September for the first time.

Ready for School

Principals and teachers of the various schools now have time to give the kiddies and their parents special attention. The two weeks in which the youngsters spend an hour in classes gives them an insight into school routine and dispels any anxiety or fear on their part when school opens, since they already are acquainted with their teacher and know what classroom to which they will be assigned. They are also acquainted with youngsters in the school, too, and thereby are not strangers.

Parents are helped, too, for the teachers can give them any information desired as to records, papers, etc.

Child Is Prepared

This procedure is believed much better for another reason in that when school is opening in September, all students and teachers are extremely busy for some time with classification and the numerous details necessary for opening of school, and frequently the newcomers are not given the care they need if they are starting to school for the first time and are made unhappy and dissatisfied in many instances—a condition that is not conductive to the proper training of the young students.

Superintendent Norwood and the various principals are sold on the idea, and will not be surprised if this practice is adopted by other school districts.

Good Response

"We have had an unusually good response, the children are delighted to go to school earlier and we have received many favorable comments from parents for this procedure," the school superintendent said in discussing the pre-school program. Enrollment by schools and additional ones expected:

Sam Houston	35	7
W. B. Travis	54	16
Robert E. Lee	44	12
Stephen Austin	19	3
David Crockett	3	6
Total:	155	44

Negro authorities did not start the pre-school enrollment yesterday, but plan to inaugurate the practice next Monday, March 31.

ANOTHER HANGAR MAY BE SECURED WITHOUT COST TO CORSICANA

Mayor John C. Calhoun wondered Tuesday if Corsicana had not acquired Hangar No. 4 at the Municipal airport without having to fight for it.

It had been hoped that the hangar could be acquired for use without any cost to the city, but it was learned weeks ago that Texas A. and M. had a priority and was exercising it.

Efforts were made to obtain the hangar as a permanent home for the Texas National Guard unit, utilizing it as an armory.

Working through Fort Worth, the persons interested in the National Guard sought to have the army request the property for National Guard use.

The army has a higher priority than Texas A. and M. College, and pressure was brought to interest the army in exercising it.

Shortly before noon Tuesday First Sgt. Everett R. Garrison, Van Alstyne, came to the city hall and filed an application for an apartment at the Veterans' Housing unit.

He stated on this application that his current assignment is National Guard instructor, with orders to work at the airport.

If the hangar has been assigned to the Guard unit, official notice has not been received.

Sgt. Garrison, with wife and six-months old son, planned to move to the housing project as soon as his application is approved.

Money Is Due Soon To Pay For Hangar

The city of Corsicana must forward its check for $22,250 by April 11 to pay for Hangar No. 3 at the municipal airport, Mayor John C. Calhoun said Tuesday.

Payment was expected to be made by that time, the mayor said, culminating drawn out negotiations to obtain the building.

John W. Perryman, assistant chief, non-industrial division, real property disposal of the War Assets Administration, approved application of Mayor Calhoun for a 30-day period in which to pay for the structure.

Farm Films Be Shown At Mildred April 7

"The Plant Speaks" is the theme of a four-reel series of sound color films which will be shown at 7:30 P. M. April 7 at the Mildred High School for all interested in farming, according to an announcement. J. H. Davis, vocational agriculture teacher of Mildred, is in charge of the one hour and 10 minute program.

The films will show plant deficiency symptoms, soil depletion, erosion, interpretation of soil tests, tissue tests and their procedure, and leaf analysis to determine fertilizer needs.

Civil Service Examination

Civil service examination for probational appointment as a photographer in Washington, D. C., and vicinity at salaries ranging from $1,756 to $1,954 per year will be held soon. Applications can be secured from W. C. Galloway, the commission's local secretary, at the Corsicana post office. Applications must be in Washington not later than April 15.

Richland Resident Enlists.

FORT SILL, Okla., March 25.—Pfc. Dyister Wadley, Richland, Texas, has recently re-enlisted in the regular army for three years, here at the nation's artillery school. He is now on duty at the 969th Field Artillery Battalion.

PLANTS SOON MAY BE REMOVED FROM BEDS TO REGULAR GARDEN

Gardeners who started their tomato plants, lettuce, cabbage, pepper plants and other slow-growing vegetables in a plant bed six or eight weeks back will soon be wanting to go to the garden with them, says Eva Sue Merritt, county home demonstration agent, who has some tips that may help them out on the job.

She says the lettuce and cabbage plants can be moved direct from the plant box to the garden when they are up around two or three inches high. But with tomatoes, pepper and eggplants it's a little different story. When these vegetables reach a height of around three inches, they need to be thinned to a spacing of two to three inches apart. This calls for transplanting some of the plants into another bed of box. A few more weeks of growth, spread out in the larger box will give sturdier plants when you do set them out in the garden.

Miss Merritt says that some folks like to take vegetables from the plant box and transplant them into small paper cups or tin cans and this method does have the advantage of giving a good mold of soil around the plant when it is put out.

Generally, vegetables that come out of the plant box and are transplanted into a second container need about three or four more weeks of growth, says the agent. When they become vigorous and stocky, they're ready for the garden. These added weeks of protected growth will make plants grow off more quickly and set fruit earlier than when small plants or seed are used.

Funeral Rites Held For Mrs.W.N.Marshall

Funeral services for Mrs. W N. Marshall, aged 69 years, who died in an Ennis hospital Saturday were held Sunday afternoon in Ennis.

Surviving are her husband, W. N. Marshall, Ennis; three daughters, Mrs. W. P Edwards, Houston; Mrs. C. E. Thompson and Mrs Robert T. McDowal, Jr., both of Ennis; three grandchildren, two half brothers, Thad Barrington, Ennis and Clyde Barrington, Overton; and a half sister, Mrs. L. L. Holsey, Hester.

Mr. and Mrs. Marshall resided at Rice until they moved to Ennis about 20 years ago.

Mr. and Mrs. Jessie Childers

Lena Schluneger Becomes Bride Of Jessie Childers

Miss Lena Schluneger, daughter of Mrs. Grace Stockard, became the bride of Jessie Childers, son of Mr. and Mrs. Frank Childers, at the home of the bridegroom's parents at 8 o'clock on Friday evening, with the Rev. A. J. Kirkland reading the single ring ceremony.

The bride was attired in a gray suit with white and gray accessories, and her corsage was fashioned of gardenias and lilies.

Miss Edna Earl Simpson, maid of honor, wore a blue and beige suit with a corsage of lilies. J. E. Bristow served as best man.

Immediately following the ceremony, cake and punch were served to thirty guests with Mrs. Ray Bridges presiding at the refreshment table. Later the wedding party was entertained by Mr. and Mrs. Person at Sky View.

After a honeymoon trip to San Antonio, Mr. and Mrs. Childers will go to Boston, Mass., where Mr. Childers will be engaged in electrical work.

The bride and bridegroom are graduates of Corsicana High school.

WESLEY NEAL RITES CONDUCTED TUESDAY IN BLOOMING GROVE

Wesley D. Neal, aged 48 years, Corsicana Route 3, died in Sanitorium, Texas, Sunday.

Funeral rites were held from the First Baptist church in Blooming Grove Tuesday afternoon at 3 o'clock. Interment was in Rose Hill cemetery. The rites were conducted by Rev. Hall, pastor of the church.

A native of Mississippi, Neal resided in the Frost and Blooming Grove communities for a number of years before moving to the Corsicana vicinity.

Surviving are his wife, Corsicana Route 3; three daughters, Mrs. Beauford Hollifield, Blooming Grove; Mrs. Earl Phillips and Miss Frances Neal, both of Corsicana; three sons, Wesley, Jr., Franklin D. and Joel Dean Neal, all of Corsicana Route 3; two brothers, Jim Neal, Mississippi, and Will Neal, Blooming Grove.

McCormick's Funeral Service directed.

ALL NON-VOLUNTEERS IN ARMY TO BE OUT BEFORE JULY FIRST

The war department announced today that it had notified all domestic and overseas commanders to set demobilization machinery in motion to insure the release of all non-regular army enlisted men by the end of June. With the exception of WACs, the enlisted strength on July 1 will be 100 percent regular army, a goal toward which the army has been striving since VJ Day.

About 100,000 men will be released under the program, it is expected. The decision to release non-volunteers was made as a result of the recently imposed limit of 1,070,000 men, including non-effective personnel, for the army's July 1 strength.

Men eligible for discharge under the new order in the continental United States will be processed so as to have completed their terminal leave before May 15, 1947. Overseas commanders have been authorized an additional two months because of shipping and replacement considerations, but must have returned their eligibles to the United States for completion of leave and discharge not later than June 30.

Only those men awaiting trial or result of trial, certificates of disability for discharge, or who voluntarily submit themselves to further medical care will be retained beyond the May and June deadlines.

10 Auxiliaries Are Represented At W.M.U. Meeting

Ten auxiliaries were represented at the Navarro County Missionary Union of the Associational Baptist churches session Tuesday with the Fellowship church in Corsicana.

After the opening song service led by Mrs. T. R. Vaughn of Trinidad and prayer led by Mrs. B. L. Pope, an interesting program on God's Power was given with the following persons taking various phases of the subject: Mrs. E. T. Wyrick, Fellowship church, Corsicana; Mrs. Boor, Cedar Creek church; Miss Ora Speegle, Fellowship church; Mrs. Vaughn, Trinidad; Mrs. Edwards, Petty's Chapel church; Mrs. S. J. Miles, Rice.

Mrs. Joe Wilbanks, Corsicana, brought the morning's devotion, while Mrs. Scruggs of the Jester church brought the afternoon devotion.

The Rev Mr. McCollum, pastor of the Pleasant Grove church, brought the 11 o'clock message on the subject of "Behold the Lamb of God."

Reports from the auxiliaries were heard during the business session.

Cedar Creek and Cross Roads joined the Navarro County Union Tuesday.

Pleasant Grove auxiliary received the attendance banner for the highest percent of members present.

A collection of $16.50 was sent to the Jacksonville Baptist College.

The June meeting will be with the Petty's Chapel church.

Powell Girls Form New Organization

Powell girls organized a G. A. Friday with 12 present. The G. A. will meet each Friday at the school house and with the R. A. and Sunbeams meeting jointly this Friday for booster practice.

The following became members of the G. A.'s:

Martha Jo Lowe, president; Martha Nell Ward, vice president and membership committee; Billy Jo Chewning, secretary-treasurer; Anita Dean Ainsworth, social committee and music; Vera Rutherford, mission study; Joan Rutherford, mission committee; Jackie Eagle, posters; Betty Sue Waldrop and Vivian Rutherford, program committee; Betty Sue Durder and Thelma Rosser.

CHARLIE C. BARNABY FUNERAL SERVICES ARE PLANNED SUNDAY

Charlie C. Barnaby, aged 58 years, life-long Corsicana resident, 409 North Main street, died at the Corsicana Hospital and Clinic Wednesday afternoon about 3 o'clock. He had been suffering a heart ailment for some time.

Barnaby had been a barber here since early life and was well-known.

Funeral services are planned from the First Baptist church, of which he was a member, Sunday afternoon at 3 o'clock. Interment will be in Oakwood cemetery. The rites will be conducted by Dr. Jared I. Cartlidge, pastor of the church, and Dr. Matthew Arnold, pastor of the Third Avenue Presbyterian church.

Surviving are his wife, Mrs. Marie Barnaby, Corsicana; a son, Charles Barnaby, Jr., Corsicana; two daughters, Mrs. J. W. Caskey, Santa Ana, Calif., and Mrs. Thomas A. Bunch, Chicago, Ill.; mother, Mrs. J. D. Barnaby, Corsicana; four sisters, Misses Ethel and Sallie Barnaby, both of Corsicana; Mrs. V. B. Moore, Kilgore, and Mrs. E. O. Barnett, Dallas, and other relatives.

Pallbearers will be E. C. Sears, D. Parham, Winston Weaver, Fred Lund, Dr. W. T. Shell, Sr., Henry Patrick Guy Allen, Bob Mills, Odie Pitts and David Castles.

Griffin Funeral Home will direct.

Payment Is Approved For Attorneys' Fees

Mayor John C. Calhoun has approved for payment a bill for $150 to Roe and Ralston, attorneys, covering their part in closing the $2,000-a-year municipal airport lease with J. N. Edens, Jr.

The bill, as submitted by the firm, covered drafting of the lease contract, a resolution and an ordinance, and a trip to Dallas in connection with the lease.

ROAD CONSTRUCTION IN NAVARRO COUNTY OVER MILLION MARK

Favorable dry weather is needed for the rushing of work on approximately $1,250,000 in road contracts in Navarro county following the receiving of a low bid on 11 miles of pavement on Highway 31 from the pavement in Corsicana to Silver City to L. H. Lacy and Co., of Dallas for $482,379. (This was a part of $6,981,125 bids received by the Texas Highway Commission Tuesday and Wednesday of this week.)

Grading is about completed on the remaining gap between Silver City and Dawson on Highway 31, but inclement winter weather conditions have curtailed the work on the bridges, including two creek crossings, on that section. As soon as the structures are completed, the paving contract on the final gap between Corsicana and Dawson will be awarded.

Work has been resumed on the farm-to-market road from Powell to Elm Flat. Grading is about 50 to 60 percent completed on the Currie-Rushing lateral road.

The initial work on the Frost to Ellis county line farm to market road has been completed except for final touching up and finishing job.

An asphalt plant has been established in Richland to provide materials for the asphalt work on Highway 32 (Highway 75) from Richtland to Streetman and on Highway 14 from Richland to the Freestone-Navarro county line north of Wortham and south of Currie. This Richland plant also will provide the hot asphalt for the repairing of West Seventh avenue from South Twelfth street to South Fifteenth street, and along Fifteenth street from Seventh avenue north to Second avenue. (This work will not interfere with the proposed widening on Fifteenth street.)

The concrete structures on the farm-to-market road from Silver City to Blooming Grove are finished and grading has started.

Corsicana Woman Sees Brother For First Time Monday

Ike Vaughn, retired businessman from Prosser, Wash., provided Mrs. A. B. Hutson, rural route 3, Corsicana, with one of the biggest thrills of her life Monday when he visited her home.

Although he is her brother, she had never seen him before in her life. Mr. Vaughn, then a lad of 17, moved away from home before her birth.

Also present for the family reunion were two other brothers, the Revs. G. H. and T. R. Vaughn, both former Navarro county Baptist ministers. The latter had never seen Brother Ike before, and the former had last visited with his brother 42 years ago.

The brothers, with their wives, spent the day with Mrs. Hutson and her husband Monday.

The next meeting of the Mildred Home Demonstration Club will be held at the home of Mrs. Nannie Bryson on April 14th at 2 o'clock p. m.

W. F. SEWELL RITES PLANNED SATURDAY; DIED AT RICHLAND

W. F. Sewell, aged 74 years, died at his home in Richland early Thursday morning. Funeral services are planned from the Richland Methodist church Saturday afternoon at 2 o'clock. Burial will be in the Richland cemetery.

A native of Tennessee, Sewell had resided in the Richland and Streetman communities for the past 50 years.

Surviving are his wife of Richland; six daughters, Mrs. Nora McNeal, Richland; Mrs. Flora Bell Holloway, Corsicana; Mrs. Kate Thompson, Gladewater; Mrs. Gladys Lewis and Mrs. Emma Henderson, both of Kilgore, and Mrs. Willie Burkhalter, Levelland; a son, Ocie Sewell, Dallas; a brother, Jim Sewell, Granite, Okla., 28 grandchildren, eight great-grandchildren and other relatives.

Corley Funeral Home directed.

Mrs. Aline Trimble was in Dallas on Wednesday to conduct her personality singing classes.

BYRAM HUMPHRIES, JR. FUNERAL SERVICES FRIDAY AFTERNOON

Byram Humphries Jr., aged 15 years, died at the family home, 403 West Fourth avenue, Thursday morning at 1:45 o'clock.

Funeral services will be held from St. John's Episcopal church Friday afternoon at 2 o'clock. Interment will be in Oakwood cemetery. The rites will be conducted by Rev. Robert K. Kennaugh, rector.

Surviving are the parents, Mr. and Mrs. Byram Humphries, Sr.; grandmother, Mrs. M. W. Binford, all of Corsicana, three uncles, Robert Lloyd Humphries, Dallas; Lewis E. Humphries, Corsicana, and W. H. Binford, Dallas; two aunts, Mrs. Roland Spence and Mrs. Billy Williamson, both of Corsicana, and other relatives.

Pallbearers will be Leon Crowley, Louis Daniels, J. N Garitty, A. F. Mitchell, W. G. Morris, Paul H. Hudgins Dr. Opie Wills, Robert Watt, F. H. Harvey and E. B. Robbins, Dallas.

Griffin Funeral Home will direct.

WCTU Is Organized At Dawson Recently

After a discussion of "What Is the Woman's Christian Temperance Union?" by Dr. Lucille Dickson at a union prayer meeting at the First Methodist Church in Dawson on March 12th, those present voted to organize a Woman's Christian Temperance Union, and elected the following officers:

Mrs. E. O. Hearn, president; Mrs. S. H. Acres, vice-president; Mrs. P. O. Haley, corresponding secretary; Mrs. Roy Davis, recording secretary; Miss Emma Dickson, treasurer.

In her presentation, Dr. Dickson, who is president of Distrcit VI, Woman's Christian Temperance Union, told the Dawson ladies of the purpose of the organization and why Dawson should have an organization.

The meeting was opened with the hymn, "The Great Physician," prayer was led by Mrs. E. O. Hearn, and the devotional message was contributed by Mrs. P. O. Haley who read the 84th Psalm.

It was announced that the Dawson WCTU has a membership of fifteen interested women.

The meeting closed with prayers by Mrs. Roy Davis and Dr. Lucille Dickson.

CARD OF THANKS.

We want to thank the people for the pounding and gifts which were given us during the illness of Mr. J. L. Bibb, and we especially thank the pastor and members of the First Baptist church; Mr. Spurgeon and wife, and employees of the laundry; Mr. and Mrs. Ickles, and Mrs. A. W. Bibb, who made this possible. Thanks from the depth of our heart.

MR. AND MRS. J. L. BIBB.

100 in each country. He asked:

"Would you have any objection?"

Patterson: "No, sir."

Limitations Likely.

Mundt's suggestion is one of a growing crop of proposals in congress to write limitations into the bill. As prepared by the administration, the measure would give President Truman broad general authority to lend or give up to $400,000,000 to the Turks and Greeks and send American military men and civilian government employes to help those countries.

Senator George (D-Ga) told reporters he will demand that the whole program be directed by an American commission and that the senate pass on Mr. Truman's choice of the men to head the commission.

That group received from Clark Eichelberger, representating the American Association for United Nations, a suggestion today that the international organization be asked to establish a permanent mission on Greece's frontiers to prevent military encroachment from without.

George said that when the senate committee begins closed-door consideration of the measure he will formally advance his proposal for a senate check-rein on a commission to administer the program.

"I shall insist that the bill provide for direction of the program by a commission of responsible Americans and that the top men on this commission be nominated by the president and confirmed by the senate," the Georgia senator told a reporter.

Senate's Word Final.

This would have the effect, he said, of giving the senate the final word on personnel to be put in charge of a program which Fiorello H. LaGuardia, former head of UNRRA, said yesterday might involve the United States in the Balkans "for a generation."

The senate committee went ahead with opposition witnesses today while the house foreign affairs committee arranged to hear Secretary of War Patterson and Secretary of the Navy Forrestal.

Despites a new plea by President Truman for congressional action by March 31—the date Britain has said she must withdraw economic aid from Greece—Chairman Eaton (R-NJ), said the house committee probably cannot end its hearings until that date.

Dear Friends:

To maintain Navarro County's predominant position in agriculture challenges the industry and imagination of every citizen in our community. Indeed, if we are not to lose ground we must face the task of conserving our soil, diversifying our crops, and utilizing our time and energy to maximum efficiency.

This program must be continuous and unrelenting if it is to succeed. It must begin in every home and include the young people. It need not be confined to the farms—for example, nearly every home could profit from a garden.

By using all our resources, but especially our energy, we can work together to keep Navarro County in a position of leadership in every way.

Yours very truly,

NSR:MR

N. Suttle Roberts

N. SUTTLE ROBERTS
President.

REDS

CONTINUED FROM FIRST PAGE

atomic power "to warn the challengers of democracy everywhere that we mean business."

Chairman In Agreement

Chairman J. Parnell Thomas (R-NJ) and Rep. McDowell (R-Pa) agreed enthusiastically with Starr on control of atomic power.

"I am with you 100 percent," Thomas said.

"If we put the atomic bomb in the hands of a group of Milquetoasts we can be certain we will just hurry the day when the bomb will be used against us."

Rep. Landis (R-Ind) has introduced a bill to give direction of atomic power development back to military officials.

Communist Ban Studied

The committee is considering legislation to outlaw the Communist party. Starr presented two prepared statements to the members, one dealing with international phases of Communism and one with domestic.

The VFW head differed with demands by the American Legion and Amvets that the Communist party in this country be erased.

He said the VFW voted in 1946 for exclusion of Communists from the ballot by law. He said the VFW staff since has weighed the implications that this might violate the constitution or drive Communism under ground.

"Campaign" Proposed

So he suggested for the present an "offensive campaign" of public education directed at Communism.

Starr said the VFW is throwing Communists bodily out of its meeting places and organization.

Starr made four suggestions for striking at Communism:

1. That all kinds of organizations, industry and state and local governments apply the same loyalty tests President Truman has ordered for federal workers;

2. That laws be strengthened to forbid government for influencing political activity;

3. That a thorough screening of text books and courses in schools be required by law;

Hoover Gives Testimony

4. That a government authority representing all phases of American life draw up a program to expose subversive activities and reinstill basic American ideals in the people.

FBI Director J. Edgar Hoover's "grave doubts" of the wisdom of outlawing the Communist party but clinched today a congressional committee decision on that hot, Red issue.

"I would hate," Hoover said, "to see a group not deserving the category of martyrs made martyrs by some law which might later be declared unconstitutional."

Rep Nixon (R-Calif.), told reporters later the house committee on un-American activities must "give a great deal of weight" to Hoover's ideas. Nixon said legislation to outlaw the Communist party "won't be approved as it is presently written."

Ban Not Constitutional

And he implied that no bill to outlaw the party will be approved.

The FBI chief testified to the committee late yesterday on bills to wipe out the party.

Eugene Dennis, party secretary, also tried to tell the committeee in a statement that the bills are unconstitutional. He didn't get a chance.

In a short, rough and tumble appearance before the committee, Dennis refused to give his right name, was ordered curtly from the room, and was handed a subpoena to return April 9.

Dennis tossed the subpoena to the floor.

Going Through Case

Chairman J. Parnell Thomas (R-NJ), told reporters:

"We are going through with his case in no uncertain way. He is technically in contempt now. He refused to answer questions of the committee."

Both Hoover and Robert E. Stripling, chief investigator for the committee, read off half a dozen names they said Dennis had used. Stripling told reporters Dennis was born in Seattle in 1905 as Francis Eugene Waldron.

Rep. Nixon questioned Hoover about the names.

"Well, he has a number of them," the FBI head said.

Complete FBI Record

"Evidently he has a good reason?"

"That is very true, congressman."

"You have a complete record on him?"

"A very complete record on him, both criminal as well as subversive."

Stripling told the committee Dennis used other names in getting fraudulent passports and in Communist activities.

Turning to the broader issue before the committee, Hoover expressed a preference for fighting Communism with "exposure."

"The mad march of Red Fascism is a cause for concern in America," he said. "But the deceit, the trickery and the lies of the American Communists are catching up with them. x x x They know that today it is a fight to the finish and that their backs will soon be to the wall."

BIG FOUR

CONTINUED FROM FIRST PAGE

said a precise definition was needed since the Germans had seized much property in Austria without payment to either the Austrians or their owners.

Two Points Agreed.

After a brief recess—the first of these Moscow sessions—Molotov agreed to two points in the French proposal on German assets, and on one of the points, suggested an amendment. He rejected a third point—calling for an arbitration board to settle disputes between the Russians and others as to what constituted German assets.

Molotov proposed that the deputies of the foreign ministers be instructed to "prepare a definition of German assets excluding property seized by the Germans by direct force or as a measure of Aryanization without compensation from the United Nations or the Austrians."

"Definition of Assets."

The original French proposal on this point called for preparation of "a definition of German assets, excluding all property taken by force or duress and in general unduly taken by the Germans from the United Nations or Austria, for religious, political and racial reasons."

British Foreign Minister.

Bevin said he would have to study Molotov's amendment, and the meeting adjourned until tomorrow.

Before today's session opened, U. S. Secretary Marshall was reported annoyed with the lack of progress on the German and Austrian treaties.

Americans Critical.

Criticisms in the American delegation were aimed as much at the work of the four-power co-ordinating committee as at the tangle within the council itself.

Streetman

STREETMAN, March 27.—(Spl.)—Mrs. Matt Ferguson had as her guests over the week end her daughters and families, Mr. and Mrs. Dave Moles and son of Falfurrias, Mr. and Mrs. King Rodgers and two children of Wichita Falls.

E. J. Turner arrived Friday from several months overseas duty with the merchant marine, to visit his parents, Mr. and Mrs. Vernon Turner.

Mr. and Mrs. Ralph Grubbs and two sons of Waco were week end guests of their mother and grandmother, Mrs. A. D. Grubbs.

Rev. and Mrs. M. O. Southerland went to Marshall Monday where the Rev. Southerland will conduct a ten-day meeting near Marshall and Mrs. Southerland will visit her children, Miss Dorothy Southerland and Marshall Southerland, students at Marshall Baptist College.

Gene Alan Bounds of Dallas spent the week end with his parents, Mr. and Mrs. R. G. Bounds.

Mr. and Mrs. R. C. Cole spent Sunday in Dallas with their children, Jerry Cole, Mr. and Mrs. R. E. Cole and daughter, Barbara Jean Cole.

Mrs. Laura Tisdale, Mrs. Winnie Lewis and son, Edwin Lewis, were Sunday guests of their daughter and sister in Grapeland.

Misses Dorothy and Doris Hawthorne were business visitors in Dallas Thursday.

Mr. and Mrs. Robert McGilvary of Levelland are visiting Robert's mother, Mrs. Janie McGilvary, and sisters, Miss Mariella McGilvary, Mrs. Jim Steele and Mrs. Wayne Milligan.

Mrs. W. O. Winburne, Billy Winburne, Mr. and Mrs. Rex Winburne, Mrs. Billy McKissack and daughter, Monnie, have returned to their home in Dallas following a week end visit with their father and grandfather, D. D. Burleson.

George Winburne of Corsicana joined his mother, Mrs. W. O. Winburne of Dallas here Sunday and visited his grandfather, D. D. Burleson, and other relatives.

Mr. and Mrs. Fred Burleson and children, Bobby, Barbara and Patricia, were Sunday guests of Mrs. Burlesons' parents, Mr. and Mrs. E. Brown of Fairfield.

Mr. and Mrs. Ernest Bryant, Jr., and daughter, Melaine, of Dallas, spent Sunday with their parents and grandparents, Mr. and Mrs. E. C. Bryant and Mr. and Mrs. Homer Livingston.

Morris McCann of Graham visitaed his family here Monday and Tuesday.

Billie Bonner of Fairfield visited Garland Ferguson here Sunday. Garland returned home last week from an extended stay in a veterans' hospital in Nashville, Tenn.

Misses Johnnie and Nell Livingston of Dallas were Sunday guests of their parents, Mr. and Mrs. Homer Livingston.

Mrs. R. C. Cole visited her sister, Mrs. Eugene Highnote in Corsicana Tuesday.

PHONES

CONTINUED FROM FIRST PAGE

tiations are stalled over the principle of industry-wide bargaining.

Nationwide Contract Sought

The independent NFTW wants to negotiate its ten contract demands, including a $12 weekly pay increase, on a nationwide basis. The American Telephone and Telegraph Company, nerve center of the sprawling Bell Telephone System, insists that it will bargain only through its various operating companies, with local conditions taken into account.

Assistant Secretary of Labor John W. Gibson conferred with A. T. & T. officials in New York yesterday. He was expected to meet here today with President Joseph A. Beirne and other NFTW leaders. Gibson was able to effect a last-minute settlement of a similar dispute a year ago.

Seizure Running Out

But at that time, the government had recourse to two laws that would have permitted seizure of the entire telephone industry.

One was the Smith-Connally war labor disputes act which went out the windoy so far as seizure is concerned when President Truman declared an end to hostilities last December 31.

The other was the second war powers act which expires at midnight Monday, March 31.

While Mr. Truman has asked that some of hi authority under that act be extended, he did not seek to keep the seizure power.

Congress is, however, pondering whether to outlaw industry-wide collective bargaining, although there is no prospect of a decision on that issue before the April 7 telephone strike deadline.

One top-ranking administration official noted to a reporter that the Federal Communications act authorizes seizure of communications facilities for military purposes during wartime. But he said it would be straining a point heavily to consider taking over the telephone industry under that statute.

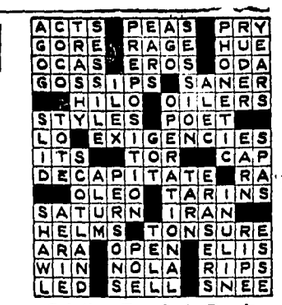

Radio Networks Threatened

Gibson's conciliation gestures were made as the scheduled telephone strike threatened to hit also at the radio networks.

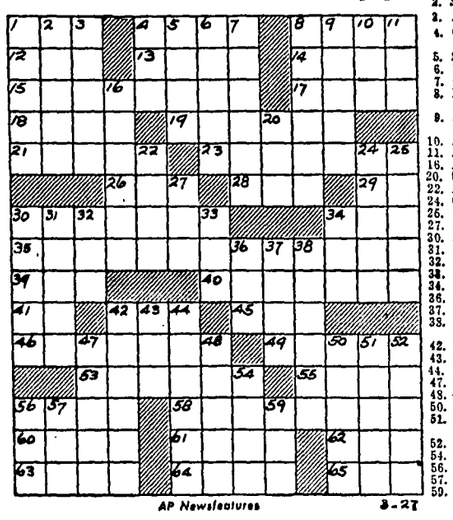

Beirne disclosed that the National Association of Broadcast Engineers and Technicians (NABET), has re-affirmed its mutual assistance agreement of last year and promised "cooperation" in any strike April 7.

NABET has contracts with the National, American, and Mutual Broadcasting chains —excluding only the Columbia Broadcasting System among the major networks.

"CAP" STUBBS AND TIPPIE — By Edwin

PARENTS OF SCHOOL AGE CHILDREN ARE URGED TO ENROLL

Parents of children between 6 and 17 years of age were requested Wednesday by J. C. Watson, county school superintendent, to see that their children have been enumerated for the scholastic census roll for the 1947-48 school term.

Each year many children are not enumerated for various reasons, Watson said. They may be placed on the census roll at the county superintendent's office at the courthouse.

The scholastic census is the basis for school support, and is now $36 per child, Watson stated. The county draws per capita payment only on those children enumerated on the census rolls

Children born after Sept. 1, 1928, or before Sept. 1, 1940, should be enumerated.

Those children becomng six years of age before September 1 are often overlooked by the census enumerator Those who have dropped from school or have graduated, but still under 18 years of age, are eligible to be placed on the roll. Persons who have moved during the months of March or April should check with the census enumerator of the district into which they have moved or with the county superintendent's office.

W. L. Corley Rites Thursday Afternoon

Funeral services for W. L. Corley, aged 69 years, merchant of Corsicana, who died at Gladewater Tuesday night while visiting relatives, were held Thursday afternoon at 2 o'clock from the Corley Chapel. Burial was at Richland The rites were conducted by Dr. J. I. Cartlidge, pastor of the First Baptist church.

Surviving are hir wfie of Corsicana, a son, C. L. Corley, Gladewater; two daughters Mrs. H. L. Trull and Mrs. Agnes Segovia, both of Gladewater; three grandchildren, a brother, E. N. Thompson, Powell; three sisters, Mrs C B. Owens, Corsicana; Mrs. Ernest Newman, Fairfield, and Mrs. John Long, Fort Howitzer, Okla., and other relatives.

In Winter Operation

Pfc. John B. Magness, 315 East Tenth avenue, Corsicana, is participating in the Army's special winter testing operation, Task Force Frost, now in progress at Camp McCoy, Wisconcin. The Task Force, composed of detachments from various organizations, is engaged in the testing and development of clothing, weapons, vehicles and tactics Letter suited for troops stationed in temperate cold climates and under cold-wet conditions.

Pfc. Magness, a jeep driver of the Seventh Infantry Regiment, is aiding in that phase of the operation concerned with infantry equipment and tactics. He arrived at the Task Force in January from Fort Knox, Ky., where he served as a tank driver for the U. M. T. experimental unit.

DENNIS

CONTINUED FROM FIRST PAGE

The committee is considering bills to outlaw the Communist party. It had been hearing a stream of witnesses, all opposed to Communism.

Dennis had the chance of being the only spokesman for it. He came prepared with a 19-page statement, and copies to hand out.

By talking to the committee, in front of a swarm of newsmen, Dennis could have outlined his party's views to millions of newspaper readers.

It's customary at a congressional committee hearing for a witness to give his name. Dennis said his name was Eugene Dennis.

The committee asked him if that was his real name. Dennis tried to duck the question.

Then Robert E. Stripling, committee investigator, said there was evidence that Dennis had used a number of names in connection with "fraudulent" passports.

(Stripling later said Dennis' real name is Francis Waldron.)

Hearing Dismisses Dennis.

But when Dennis kept on refusing to tell his real name the committee dismissed him. So he never got around to reading his statement.

Dennis said later the committee's insistence upon learning his real name was a "plot" to keep him from reading his statement.

So, instead of getting his party's case across to the American people, he turns upon himself a cold, questioning spotlight which asks: What goes on here?

Newsmen Walk Out.

Immediately after being dismissed by the committee, Dennis called a news conference in his hotel room. About 12 or 15 newsmen showed up.

He stopped all questions in the beginning and began to orate at such length that one newsman asked: Did you call us here to make a speech or hold a conference?

At last he was asked point blank: Will you, for the last time, get down to cases and answer this question: What's your real name?

Dennis still ducked. Fed up, the newsmen walked out.

This to me--at a time when the Communist party in this country is very much on the defensive—was the worst job of public relations I've ever seen.

MINE

CONTINUED FROM FIRST PAGE

twisted and bruised and clothing on some were burned, indicating they had been nearer the explosion than the 15 miners who were found last night.

As the death toll mounted, with a rescue leader predicting it would reach 111, company officials said rescue attempts would be pushed, "We're not going to give up."

The toll of 111 dead predicted by William J. Rowecamp, rescue leader and recording secretary of the Centralia local of the AFL United Mine workers whose members worked the mine, would rank the disaster as the greatest in the nation's coal fields since 195 lost their lives in 1938 at Mather, Pa.

B-36

CONTINUED FROM FIRST PAGE

had disgorged 12 of the 14 men aboard. A stiff wind caught their parachutes and tossed them over a wide section of the rolling hill country west of Fort Worth. Six of the men wereinjured in landing.

The necessity of making an emergency landing became apparent soon after the 139-ton experimental bomber took the air on its 15th test flight at 12:10 p. m. (CST) yesterday. Through the long intervening hours, as it burned up excess gasoline and dropped its passengers, the plane was in radio contact with the air base control tower.

Roland G. Mayer, manager of the Fort Worth division of Consolidated-Vultee Aircraft Corporation, builder of the B-36, praised the "wonderful skill" of the pilots, both Convair men.

"I was up in the tower today, listening to Green giving orders to the tower men," Mayer said. "He's a slow-talking Texan from Cleburne and you could tell that it was just another day's work for him."

Balancing the great bulk of the machine so that its weight bore chiefly on its undamaged left landing gear, the pilots rolled it to a gentle stop at 6:20 p. m. It settled slowly on the right wheel, where a strut to hold it in a straight downward position had failed.

An official of Consolidated in New York said the pilots had "saved a $20,000,000 plane," by handling is to "delicately" that no damage was done.

The company said that while subsequent planes of the same type would cost from $2,000,000 to $2,500,000, the original represented a cost of $20,000,000 in research, engineering and production costs.

The statement of the plane's ability to carry an atomic bomb to any inhabited part of the world and return home without refueling was made by the Army Air Forces last fall.

The 12 passengers included technicians from the air materiel command in Dayton and two representatives of the Curtis-Wright aerounautical company's propeller division. The first man to parachute, Maj. Stephen P. Dillon of Fort Worth, returned immediately to the air field tower to help "talk" the plane down to a safe landing, although he suffered a sprained ankle.

Most of the injuries suffered by the men who jumped were to legs or backs.

TAXES

CONTINUED FROM FIRST PAGE

—$5,700,000,000 in the fiscal year beginning July 1.

Some Democratic leaders said privately that Mr. Truman is bound to veto the bill if it reaches him in its present form.

Shortly before the house voted Rep. Engel (R-Mich), told his colleagues that the measure "gives a man who made the biggest profits during the war the biggest tax relief."

Engel, first Republican to speak against it, said the bill might defeat the GOP in next year's election. He said he wanted to give the "low income group a break."

In the bitter debate on the bill, the house heard these conflicting contentions:

With the time for final vote set, Republican Leader Halleck of Indiana sought to interrupt Engel for questioning. The Michigan member shot back:

"I have the floor. You can run your crowd, but you can't run me, brother."

LEGISLATURE

CONTINUED FROM FIRST PAGE

free-ride into new producing sands.

The house finally passed and returned to the senate a bill making student activity and hospitalization fees compulsory in state-supported colleges.

The senate measure was amended to make the maximum fee $15 instead of $20 per semester and a statutory time limit of four years was attached.

A house substitute bill, adopted in place of Sen. Fred (Red) Harris' traffic code measure, was postponed for further consideration after several members indicated they wanted more time for study.

Both Houses Adjourn.

An effort by Rep. Joe Kilgore of McAllen to suspend the rule requiring reading of the bill on three separate days before final passage failed to gain the required four-fifths majority. The vote was 98 to 28.

Kilgore is sponsor of the house bill which would supersede that by Harris.

Both houses adjourned until Monday with 35 members leaving soon after adjournment for a junket to El Paso.

Senatorial redistricting today was back in its regular order on the senate calendar after a senate show-down yesterday declined to disinter it from virtual entombment.

The bill by Sen. Rogers Kelley of Edingburg is so far down the line in the senate's order of business that the author has little hope of pushing the measure through in this session. He tried it yesterday and found only one-vote margin in favor of the bill several votes short of enough to bring it up for consideration by senate rules even though it is enough to pass the bill if it ever does get to the floor.

The test run started out with a motion to get the bill set for special order next Monday. By a narrow 14-to-13 vote it skirted a facetious attempt to set it for August 1 instead. It wound up with its author launching an apparent short-lived filibuster to save it from recommitment to the state affairs committeee.

The one-hour filibuster ended when the recommitment motion was withdrawn and the bill rpped back into its low calendar slot.

House-approved pay raises for the legislature were given the senate's ax. A 14-to-13 vote finally killed for this session the house-votd $12.50 daily salary during sessions and $5 daily salary between sessions for legislators.

The house appropriations committee was to meet today for final action on the judiciary biennial appropriation.

The committe last night approved two bills—one appropriating $3,303,360 for a new state courts and office building here and another allocating $73,000 for construction of a steam electric generator at Prairie View University. Sent to a subcommittee was a $2,-566,286 appropriation for 24 counties and other agencies which received no tax remission funds last year because the state did not levy an ad valorem tax.

A&M

CONTINUED FROM FIRST PAGE

out what's going on," Bracewell, who is a graduate of A&M said.

Attempts to send the proposal to a committeee and to kill it outright were defeated by substantial majority votes.

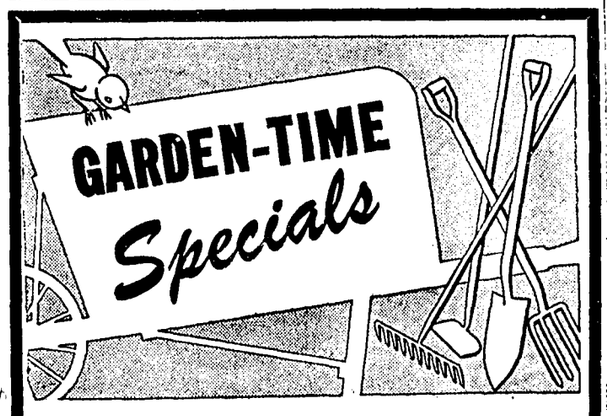

Rep. F. G. Swanson of Tyler opposed he inquiry.

Navarro Jr-College Plans Summer Terms

Plans are being perfected at Navarro Junior College for the summer terms, Ray L. Waller, president, announced Thursday. Present indications are that the summer term will attract about as many students as the Spring term when 294 enrolled.

The summer session will consist of two six weeks' terms. The first begins June 2 and ends July 14. The second term begins July 14 and ends August 22.

Practically the same course will be offered during the summer sessions as in the long terms, Waller said, in the event here are sufficient enrollments in any given course of study.

Parents of Son

Mr. and Mrs. Jack Youngblood announce the birth of a son, Gary Jack Youngblood, at the Navarro Clinic, Tuesday, March 25, weight six pounds nine ounces.

Grandparents are Mr. and Mrs Herman Youngblood and Mr. and Mrs. P. B. Davis of Corsicana.

WORLD THREATENED WITH NEW CONFLICT, SPEAKER DECLARES

A picture of world peace already being spotted with threats of a new conflict among men was painted Wednesday by two representatives of the National Conference of Christians and Jews at the weekly luncheon of the Rotary Club at the Navarro Hotel.

"Is this where we came in?" asked Lynn Landrum, Dallas Morning News columnist. "Are we back to where we were prior to World War II? After that terrible conflict, have we come back to this nasty ditch of suspicion, of hate, of bigotry?"

"We won a war, but have we stamped out the enemies of the American way of life?" asked Frank E. Crumley, Fort Worth attorney.

Each of the men were speakers in Corsicana on a similar brotherhood mission prior to World War II. The third—the Jewish member of the trio—Arthur Berwald, Dallas attorney, didn't come back, having fallen on the soil of Kiska.

A gloomy note was sounded by Landrum, when he said that he did not know "but what we are in worse shape to handle this thing than we were in 1941-42."

Referring to Russia, without naming the country, the newspaper writer told the group that "the totalitarian menace is just as great to me whether it is loaded with beer or vodka."

"It is just as great," he said, whether the dictator wears a shirt of brown or a shirt of red."

"I hope and you hope that we can wall off this threat against liberty, against brotherhood, without again spilling precious blood," he said.

"We learned during the last war that it didn't make much difference as to race or religion. The blood of the Jew, the blood of the Catholic, the blood of the Protestant were all one color. One was just as red as the other. They were all one in value, they were all one in loyalty.

"We need as never before to be one—to find *reasons for* brotherhood. Find a brother, and be a brother and yours will be all the joys of brotherhood."

Crumley said a person today who "even in the remotest region of his heart" harbors hatred of race, "is a man who is a cancer on the heart of humanity," and "a bertrayer of the boys who won't be home from the last war, and a traitor to Americanism."

"Do you know why the world mourned so the death of Will Rogers?" he asked. "It wasn't because he was funny, nor a movie actor, but because he said he never met a *man he* didn't like.

"Compare his memory with that of, say, the head of the Ku Klux Klan or any other similar enemy organization. You don't even know his name."

Ladies' Night.

Rex Bounds, president of the club, announced that 200 tickets would be sold for the Ladies' Night observance April 10, and that they were now on sale. He also outlined procedure of board of directors election to be held April 2.

Guests included Sydney Marks, Matt Dawsn Jack Aldredge, Russell Purifoy, F. A. Elliott, Andrew Byers, Glen Thompson, H. L. Roberts, Tom Fergus and Dan Roberts, junior Rotarian, and Carl Hereford of Mexia, Shirley Guthrie of Kilgore, Bill Thompson of Waxahachie, visiting Rotarians.

Tom Tyson, attorney, introduced the speakers.

A district meeting of Woodman Circles will be held in Corsicana on the second Thursday in April at K. of P. Hall.

CAT MOTHERS SQUIRRELS—One member of the local feline community is of the opinion that nine lives are entirely too many. Wet nurse to four orphaned squirrels as well as her own three kittens, the cat knows she has seen everything anyway. C. D. Curry, 1202 West Twelfth avenue, owner of the cat and temporary host to the squirrel brood, was given the nut gatherers by a neighbor who found them in a pasture tree. He in turn presented them to the cat, whose feeding theory is the more, the merrier. When Tabby posed for the picture above the kittens, two of whom are platinum blonde like their mother, were slightly more than two weeks old. The squirrels are older by a week, according to Curry, who is something of a pet fancier. Until the squirrels can be introduced to artificial feeding they will be part of the Curry household. After that they go on the market Conditioned to domesticity the squirrels will make admirable pets, Curry said. Until that time Tabby advises her free boarders: Gather ye something besides acorns while ye may.

MRS. IDA E. DIXON FUNERAL SERVICES FRIDAY AFTERNOON

Mrs. Ida E. Dixon, aged 72 years, resident of Emhouse since 1912, died Thursday morning.

Funeral services will be held from the Emhouse Methodist church Friday afternoon at 2 o'clock with interment in the Pattisen cemetery. The rites will be conducted by Rev. W. A. Stewart and Rev. Dan Sharpley.

Surviving are two sons, W. F. Dixon, Powell, and J. A. Dixon, Emhouse; a daughter, Mrs. H. C. DeRusha, Blooming Grove; three grandchildren, one great-granddaughter, two brothers, J. P. Dillard and B. S. Dillard, both of Mississippi; three sisters, Mrs. C. P. Caldwell and Mrs. W. J. Grant, both of Mississippi, and Mrs. J. A. Medlock, Davis, Okla., and other relatives.

Pallbearers will be C. L. Dixon, C. M. Dixon, J. M. Dixon, G. F. Dixon, J. A. Dillard and U. S. Brannon, all nephews.

Corley Funeral Home will direct.

Miss Helena Juengerman, a student at North Texas State College, has been elected president of the Westminster Fellowship of First Presbyterian Church, Denton and will be installed on April 1st in a special candlelight service.

Old Marriage License Is Finally Recorded

J. M. Tullos, deputy in the county clerk's office, relates an interesting incident of a few weeks ago.

A man brought the marriage license of his parents to the office to be recorded. The license had been issued in 1916, but had never been returned to the clerk's office for recording. It was found in a trunk by children, following their father's death. Following the marriage and the returns of the minister or judge officiating, the document is returned to the clerk for recording and then is given back to the couple if desired.

Checking on the aged marriage license, Tullos discovered that it had been issued by him (Tullos) while a deputy county clerk under the late Mike Howard shortly after beginning his work in the court house for the first time. The old license was accepted by Tullos shortly after he assumed his duties as deputy under J. Vernon Harwell, Jan. 1, this year.
